

Response, Compensation, and Liability Act (CERCLA) for State, political subdivisions, and Federally recognized Indian tribal government response actions. This regulation also codifies the administrative requirements for Superfund State Contracts for non-State-lead remedial responses. This regulation includes only those provisions mandated by CERCLA, required by OMB Circulars, or added by EPA to ensure sound and effective financial assistance management. The information is collected from applicants and/or recipients of EPA assistance and is used to make awards, pay recipients, and collect information on how Federal funds are being spent. EPA requires this information to meet its Federal stewardship responsibilities. Recipient responses are required to obtain a benefit (federal funds) under 40 CFR part 31, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments' and under 40 CFR part 35, State and Local Assistance.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on May 10, 2001 (66 FR 23921); no comments were received.

Burden Statement: The annual public reporting and record keeping burden for this collection of information is estimated to average 8.8 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: State, Local or Tribal Government.

Estimated Number of Respondents: 581.

Frequency of Response: As needed.

Estimated Total Annual Hour Burden: 5115 hours.

Estimated Total Annualized Capital, O&M Cost Burden: \$0.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the addresses listed above. Please refer to EPA ICR No. 1487.07 and OMB Control No. 2050-0179 in any correspondence.

Federal Agency Hazardous Waste Compliance Docket

AGENCY: Environmental Protection Agency.

ACTION: Notice of fourteenth update of the Federal Agency Hazardous Waste Compliance Docket, pursuant to CERCLA section 120(c).

SUMMARY: Section 120(c) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended by the Superfund Amendments and Reauthorization Act of 1986 (SARA), requires the Environmental Protection Agency (EPA) to establish a Federal Agency Hazardous Waste Compliance Docket. The docket is to contain certain information about Federal facilities that manage hazardous waste or from which hazardous substances have been or may be released. (As defined by CERCLA section 101(22), a release is any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the environment.) CERCLA requires that the docket be updated every six months, as new facilities are reported to EPA by Federal agencies. The following list identifies the Federal facilities to be included in this fourteenth update of the docket and includes facilities not previously listed on the docket and reported to EPA since the last update of the docket, 65 FR 83222, December 29, 2000, which was current as of August 28, 2000. SARA, as amended by the Defense Authorization Act of 1997, specifies that, for each Federal facility that is included on the docket during an update, evaluation shall be completed in accordance with a reasonable schedule. Such site evaluation activities will help determine whether the facility should be included on the National Priorities List (NPL) and will provide EPA and the public with valuable information about the facility. In addition to the list of additions to the docket, this notice includes a section that comprises revisions (that is, corrections and deletions) of the previous docket list. This update contains eleven additions and twenty-three deletions since the previous update, as well as numerous other corrections to the docket list. At the time of publication of this notice, the new total number of Federal facilities listed on the docket is 2,214.

DATES: This list is current as of May 1, 2001.
