

companies' responses to complete the U.S. CFC Accounting Framework for submission to the Parties to the Montreal Protocol by the end of January.

EPA anticipates that the 2002 review by the Parties of MDI essential use requests will focus extensively on research efforts underway to develop alternatives to CFC MDIs, on education programs to inform patients and health care providers of the CFC phaseout and the transition to alternatives, and on steps taken to minimize CFC use and emissions including efforts to recapture or reprocess the controlled substance. Accordingly, applicants are strongly advised to present detailed information on these points, including the scope and cost of such efforts and the medical and patient organizations involved in the work.

Applicants should submit their exemption requests to EPA as noted in the Addresses section at the beginning of today's notice.

Dated: October 29, 2001.

Robert D. Brenner,

Acting Assistant Administrator, Office of Air and Radiation.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7099-6]

Request for Nominations of Members and Consultants, and Notice of Establishment; EPA National Advisory Committee for Environmental Policy and Technology (NACEPT) Superfund Subcommittee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency announces the establishment of the Superfund Subcommittee to be formed under the auspices of the EPA National Advisory Committee for Environmental Policy and Technology (NACEPT). EPA invites nominations for qualified candidates to be considered for appointment to the Subcommittee that will engage the public in an open dialogue about the future direction of the Superfund program. A critical aspect of the dialogue will be consideration of Superfund's relationship to other federal and state waste programs with an eye toward finding ways for all waste programs to work together in a more unified fashion.

DATES: EPA expects to make appointments by the end of the calendar

year and will accept nomination submissions until close of business on December 6, 2001.

ADDRESSES: Nominations must be submitted in writing by mail, electronically or in person, and must include a resume describing the professional, educational and/or experiential qualifications of the nominee. Nominations should also include the nominee's current business or residential address, daytime telephone number, fax, and E-mail address. Send nominations to: Lois Gartner, Designated Federal Officer, Office of Solid Waste and Emergency Response, U.S. Environmental Protection Agency (5103), 1200 Pennsylvania Avenue NW., Washington, DC 20460, fax 202-260-8929, E-mail gartner.lois@epa.gov.

FOR FURTHER INFORMATION CONTACT: Lois Gartner, Designated Federal Officer, Office of Solid Waste and Emergency Response, U.S. Environmental Protection Agency (5103), 1200 Pennsylvania Avenue, NW., Washington, DC 20460, telephone 202-260-0714, E-mail gartner.lois@epa.gov.

SUPPLEMENTARY INFORMATION: NACEPT is a federal advisory committee under the Federal Advisory Committee Act, Pub. L. 92463. NACEPT provides advice and recommendations to the Administrator and other EPA officials on a broad range of domestic and international environmental policy issues.

Under the NACEPT framework, EPA is undertaking an examination of fundamental issues related to the future of the Superfund program. These issues cover a broad spectrum of topics important to Superfund including, but not limited to: the role and scope of the National Priorities List (NPL); how to address contaminated sediment, mining, and other "mega" sites; the role of states in Superfund; non-NPL cleanups; and measuring program progress. An important piece of the Subcommittee's dialogue will entail looking at Superfund in the context of other federal and state waste programs. This component of the group's deliberations will focus on how the Nation's waste programs can work together in a more effective and unified fashion, so that citizens can be assured that federal, state, and local governments are working cooperatively to make sites safe for their intended uses. The Superfund Subcommittee will deliberate on these and other Superfund-related issues and make policy recommendations to the EPA Administrator and other EPA officials.

EPA is soliciting qualified candidates who want to be considered for appointment to the Superfund Subcommittee. Any interested person or organization may nominate qualified persons for membership to the Subcommittee. Nominees should be qualified by education, training, or experience to participate in and contribute to a dialogue about the future direction of the Superfund program.

To ensure the Subcommittee represents a full spectrum of stakeholder views regarding Superfund policies, EPA seeks representation of the following groups: public policy analysts, academia, community groups, environmental justice groups, environmental and public interest organizations, state government, local government, tribal governments, industry, and scientists/engineers (e.g., toxicologists, ecologists, risk assessors, etc.). The EPA Administrator determines the Subcommittee's composition. Members will serve approximately an eighteen-month term.

Dated: October 31, 2001.

Marianne Lamont Horinko,

Assistant Administrator for the Office of Solid Waste and Emergency Response.

Request for Statement of Qualifications (RFQ) and Preliminary Proposals for Training and Outreach Coordination Support to the Chesapeake Bay Program

The U.S. Environmental Protection Agency (EPA) is issuing a request for qualifications for organizations interested in assisting the Chesapeake Bay Program in its efforts to develop, coordinate and support a training and event planning component of the Chesapeake Bay Program partnership. Applicants must be a nonprofit organization, interstate agency, college or university. Note, this is a request for qualifications for the benefit of the Chesapeake Bay Program partnership and not for direct benefit to EPA. Funding will be provided to an organization under the authority of the Clean Water Act, section 117.

The RFQ is available at the following web-site: <http://www.epa.gov/r3chespk/>. You may also request a copy by calling Robert Shewack at 410-267-9856 or by E-mail at: shewack.robert@epa.gov. Statement of qualifications (an original
