SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-70843; File No. PCAOB-2013-02]

Public Company Accounting Oversight Board; Notice of Filing of Proposed Rules on Auditing Standard No. 17, Auditing Supplemental Information Accompanying Audited Financial Statements and Related Amendments to PCAOB Standards

November 8, 2013.

Pursuant to Section 107(b) of the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"), notice is hereby given that on October 30, 2013, the Public Company Accounting Oversight Board (the "Board" or the "PCAOB") filed with the Securities and Exchange Commission (the "Commission" or "SEC") the proposed rules described in items I and II below, which items have been prepared by the Board. The Commission is publishing this notice to solicit comments on the proposed rules from interested persons.

I. Board's Statement of the Terms of Substance of the Proposed Rules

On October 10, 2013, the Board adopted Auditing Standard No. 17, *Auditing Supplemental Information Accompanying Audited Financial Statements* and related amendments to its interim auditing standards (collectively, the "proposed rules"). The text of the proposed rules is set out below.

Auditing Standard No. 17

Auditing Supplemental Information Accompanying Audited Financial Statements

Introduction

1. This standard sets forth the auditor's responsibilities when the auditor of the company's financial statements is engaged to perform audit procedures and report on *supplemental information*¹ that accompanies financial statements² audited pursuant to Public Company Accounting Oversight Board ("PCAOB") standards.

Objective

2. The objective of the auditor of the financial statements, when engaged to perform audit procedures and report on supplemental information that accompanies audited financial statements, is to obtain sufficient appropriate audit evidence to express an opinion on whether the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Performing Audit Procedures on Supplemental Information Accompanying Audited Financial Statements

3. The auditor should perform audit procedures to obtain appropriate audit evidence that is sufficient to support the auditor's opinion regarding whether the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole. The nature, timing, and extent of audit procedures necessary to obtain sufficient appropriate audit evidence and to report on the supplemental information depends on, among other things:

a. The risk of material misstatement of the supplemental information;

¹ Terms defined in Appendix A, Definitions, are set in *boldface type* the first time they appear.

² For purposes of this standard, supplemental information "accompanies financial statements" when it is (1) presented in the same document as the audited financial statements, (2) presented in a document in which the audited financial statements are incorporated by reference, or (3) incorporated by reference in a document containing the audited financial statements.

b. The materiality considerations relevant to the information presented;
Note: When planning and performing the audit procedures to report on supplemental information, the auditor generally should use the same materiality considerations as those used in planning and performing the audit of the financial statements.³ However, if applicable regulatory requirements specify a lower materiality level to be applied to certain supplemental information, the auditor should use those prescribed threshold requirements in planning and performing audit procedures for the supplemental information.

c. The evidence obtained from the audit of the financial statements and, if applicable, other engagements by the auditor or affiliates of the firm,⁴ for the period presented; and

Note: The procedures performed regarding the supplemental information should be planned and performed in conjunction with the audit of the financial statements. For audits of brokers and dealers, the procedures should be coordinated with the attestation engagements related to compliance or exemption reports required by the U.S. Securities and Exchange Commission ("SEC").⁵ The auditor should take into account relevant evidence from the audit of the financial statements and, for audits of brokers or dealers, the attestation engagements, in planning and performing audit procedures related to the supplemental information and in evaluating the results of the audit procedures to form the opinion on the supplemental information.

d. Whether a qualified opinion, an adverse opinion, or a disclaimer of opinion was issued on the financial statements.

4. In performing the audit procedures on supplemental information, the auditor should:

a. Obtain an understanding of the purpose of the supplemental information and the criteria management used to prepare the supplemental information, including relevant regulatory requirements;

³ Auditing Standard No. 11, *Consideration of Materiality in Planning and Performing an Audit*, establishes requirements regarding the auditor's consideration of materiality in planning and performing an audit.

⁴ The term "affiliates of the firm" as used in this standard has the same meaning as the term "affiliates of the accounting firm" as defined in PCAOB Rule 3501.

⁵ See Attestation Standard No. 1, *Examination Engagements Regarding Compliance Reports of Brokers and Dealers*, and Attestation Standard No. 2, *Review Engagements Regarding Exemption Reports of Brokers and Dealers*.
