AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily finds that sales of certain hot-rolled steel flat products from Australia were made at less than normal value during the period of review (POR) October 1, 2017 through September 30, 2018. We invite interested parties to comment on these preliminary results.

DATES: Applicable December 17, 2019.

FOR FURTHER INFORMATION CONTACT: Rachel Greenberg, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0652.

SUPPLEMENTARY INFORMATION:

Background

On December 11, 2018, Commerce initiated the administrative review of the antidumping duty order on certain hot-rolled steel flat products (hot-rolled steel) from Australia in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).¹ This review covers one producer/exporter of subject merchandise, the collapsed entity, BlueScope Steel (AIS) Pty Ltd., BlueScope Steel Ltd., and BlueScope Steel Distribution Pty Ltd. (collectively, BlueScope).² Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018 through the resumption of operations on January 29, 2019, resulting in a revised deadline for these preliminary results.³ Additionally, Commerce exercised its discretion to extend the deadline for the preliminary results until December 10, 2019.⁴

Scope of the Order⁵

The products covered by this order are certain hot-rolled, flat-rolled steel

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 83 FR 63615 (December 11, 2018) (*Initiation Notice*).

² We note that in the *Initiation Notice*, we initiated this review on BlueScope Steel Ltd., BlueScope Steel Americas, Inc. (BSA), and Steelscape LLC (Steelscape). However, this was an error, and the calculated margin is only applicable to the BlueScope collapsed entity, as an exporter, because BSA is an importer of subject merchandise and Steelscape is a further manufacturer of subject merchandise in the United States. Accordingly, consistent with the underlying investigation and the first administrative review, we reviewed the responses from the BlueScope collapsed entity, which included responses from BSA and Steelscape as required by our requests for information.

All deadlines in this segment of the proceeding have been extended by 40 days.

Partial Adverse Facts Available

BlueScope failed to provide all necessary information and failed to cooperate by not acting to the best of its ability to comply with Commerce’s request for information in this review. As a result, we preliminary determine to apply facts otherwise available with an adverse inference to BlueScope, in accordance with sections 776(a)(2)(A), (B), and (C) and section 776(b) of the Act. For further discussion, see Preliminary Decision Memorandum.
