All SPOC recommendations should be submitted to Larry Poole, Office of Grants Management, Bureau of Primary Health Care, 4350 East West Highway, 11th Floor, Bethesda, Maryland 20814, (301) 594-4260. The granting agency does not guarantee to "accommodate or explain" State process recommendations it receives after that date. (See Part 148 of the PHS Grants Administration Manual, Intergovernmental Review of PHS Programs under Executive Order 12372, and 45 CFR part 100 for a description of the review process and requirements.)

Public Health System Impact Statement

This program is subject to the Public Health System Reporting Requirements. Reporting requirements have been approved by the Office of Management and Budget—#0937-0195. Under these requirements, the community-based nongovernmental applicant must prepare and submit a Public Health System Impact Statement (PHSIS). The PHSIS is intended to provide information to State and local health officials to keep them apprised of proposed health services grant applications submitted by community-based organizations within their jurisdictions.

Community-based non-governmental applicants are required to submit the following information to the head of the appropriate State and local health agencies in the area(s) to be impacted no later than the Federal application receipt due date:

a. A copy of the face page of the application (SF 424)

b. An abstract of the project not to exceed one page, which provides:

(1) A description of the population to be served

(2) A summary of the services to be provided

(3) A description of the coordination planned with the appropriate State or local health agencies.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of Inspector General

Program Exclusions: June 2001

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions.

During the month of June 2001, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusion is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, and all Federal Health Care programs. In addition, no program payment is made to any business or facility, *e.g.*, a hospital, that submits bills for payment for items or services provided by an excluded party. Program beneficiaries remain free to decide for themselves whether they will continue to use the services of an excluded party even though no program payments will be made for items and services provided by that excluded party. The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.

DEPARTMENT OF THE INTERIOR**Fish and Wildlife Service****Intent To Prepare a Management Plan
and Environmental Impact Statement
for Bison and Elk at the National Elk
Refuge and Grand Teton National Park
in Teton County, Wyoming**

AGENCY: Fish and Wildlife Service and National Park Service, Department of the Interior.

ACTION: Notice of intent.

SUMMARY: This notice advises the public that the Fish and Wildlife Service (FWS) and National Park Service (NPS), in cooperation with the USDA Animal and Plant Health Inspection Service (APHIS) and the Bridger-Teton National Forest (BTNF), are beginning to prepare a management plan and environmental impact statement (EIS) for management of bison and elk in the National Elk

Refuge (NER) and Grand Teton National Park (GTNP) in Wyoming. Bison and elk utilizing these areas comprise a large portion of the "Jackson Bison and Elk Herds." The planning/EIS process will involve analysis of ecosystem level conditions and actions which affect management of bison and elk on the park and refuge and will develop herd management alternatives for accomplishing the goals, objectives, and purposes of the NER and GTNP. Since most bison and elk utilizing these areas at some time during the year also utilize other areas during other periods of the year, the planning process will involve all agencies having some authority over the same animals. The FWS and NPS are lead agencies and the USDA Forest Service and APHIS are cooperating agencies in the preparation of the EIS. The State of Wyoming has not yet determined its level of involvement in the project.

This notice is being furnished as required by the National Environmental Policy Act (NEPA) Regulations (40 CFR 1501.7) to obtain suggestions and information from other agencies and the public on the scope of issues to be addressed in the EIS. Comments and participation in this scoping process are herein solicited. Additional notices of information/document availability and requests for comments and participation will be published at appropriate times in the process.

DATES: Written comments on the scope of issues should be received by the Jackson Bison and Elk Assistant Project Leader (see **ADDRESSES**, below) by August 24, 2001. Prescoping public meetings were held in Wyoming from February 10 through May 5, 2001. All project-related comments received by the project team prior to this notice (e.g. in prescoping) will be incorporated into the scoping record and considered in the process.

The project scoping meetings listed below have been scheduled. A project mailing list was begun with the prescoping process. Mailers advising of the meetings listed below, and all additional public meetings for the project, will be sent to all individuals and organizations on the project mailing list.
