SUPPLEMENTARY INFORMATION: This Notice announces the availability of capital funds for assistance under VA's Homeless Providers Grant and Per Diem Program for eligible entities to: (1) Expand existing transitional housing projects; or (2) develop new transitional housing programs. Supportive service centers will not be considered in this Notice of Fund Availability (NOFA). Funding applied for under the capital grant component may be used for: (1) Remodeling or alteration of existing buildings; (2) acquisition of buildings, acquisition and rehabilitation of buildings; (3) new construction; and (4) acquisition of vans (in connection with a new or existing Grant and Per Diem Grant project) for outreach to and transportation for homeless veterans. Funding applied for under this Notice is authorized by Public Law 109-461, § 703, the Veterans Benefit, Health Care and Information Technology Act of 2006, and by 38 U.S.C. 2011, 2012, 2061, 2064, and may be used as aid for supportive housing. Eligibility criteria may be found in the Final Rule published in the **Federal Register** on September 26, 2003.

Capital grant applicants may not receive assistance to replace funds provided by any State or local government to assist homeless persons. Note: Applicants considering the use of Low Income Housing Tax Credits (LIHTC) in conjunction with the capital grants in this NOFA should take into account that these tax credits are generally for permanent housing projects. Permanent housing is not an

eligible activity under VA's Homeless Providers Grant and Per Diem Program. Other issues such as a reduction in the base of the tax credits, site control, leases for residents, and using the tax credits as a loan may be problematic to applicants even if transitional housing is provided and upon review and discovery may result in the application being denied.

A proposal for an existing project that seeks to shift its focus by changing the population being served or the precise mix of services being offered is not eligible for consideration. No more than 25 percent of housing and services available in projects funded through this grant program may be provided to clients who are not receiving those services as veterans.

VA is pleased to issue this NOFA for the Homeless Providers Grant and Per Diem Program. The Department expects to award approximately \$25 million under the capital grant component.

Funding available under this NOFA is being offered to help offset the capital expenses of existing state and local governments, Indian Tribal Governments, faith-based, and community-based organizations that are capable of creating and providing supported transitional housing for homeless veterans. The District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, are considered eligible entities under the definition of "State" in the Final Rule, Sec. 61.1 Definitions.

Per diem for these programs is requested in the grant application and may be paid at the time of grant project completion. It should be noted that VA per diem payment is limited to the applicant's cost of care per eligible veteran minus other sources of payments to the applicant for furnishing services to homeless veterans up to the per day rate VA pays for State Home Domiciliary care. Awardees will be required to support their request for per diem payment with adequate fiscal documentation as to program income and expenses.

Interested organizations should know that the vast majority of homeless veterans in this country suffer from mental illness or substance abuse disorders or are dually diagnosed with both mental illness and substance abuse disorders. In addition, many homeless veterans have serious medical problems. The recent events associated with the Global War on Terrorism (GWOT) coupled with the Nation's returning OEF/OIF veterans further emphasizes the need for collaboration with VA medical centers, VA community-based outpatient clinics or other health care

providers as well as with VA and other benefit providers as an important aspect of ensuring that homeless veterans have access to appropriate health care services. VA considers this program an important part of our effort to end chronic homelessness among all veterans.

It is important to be aware that VA places great emphasis on responsibility and accountability. VA has procedures in place to verify the completion of the capital grant as well as monitor services provided to homeless veterans and outcomes associated with the services provided in grant and per diem-funded programs. Applicants should be aware of the following:

All awardees that are conditionally selected in response to *this NOFA* must meet the Life Safety Code of the National Fire Protection Association as it relates to their specific facility. Applicants should note that all facilities are to be sprinkled unless they are specifically exempted under the Life Safety Code and make consideration of this when submitting their capital grant applications. VA will conduct an inspection prior to awardees being able to submit request for per diem payment to ensure this requirement is met.

Upon capital grant completion, each program seeking per diem will have a liaison appointed from a nearby VA medical facility to provide oversight and monitor services provided to homeless veterans in the per diem-funded program.

Monitoring will include at a minimum an annual review of each per diem program's progress toward meeting internal goals and objectives in helping veterans attain housing stability, adequate income support, and self sufficiency as identified in each per diem program's original application. Monitoring will also include a review of the agency's income and expenses as they relate to this project to ensure per diem payment is accurate.

Each per diem-funded program will participate in VA's national program monitoring and evaluation system administered by VA's Northeast Program Evaluation Center (NEPEC). NEPEC's monitoring procedures will be used to determine successful accomplishment of these housing outcomes for each per diem-funded program.

Authority: Funding applied for under this Notice is authorized by Public Law 109-461, § 703, the Veterans Benefit, Health Care and Information Technology Act of 2006, and by 38 U.S.C. 2011, 2012, 2061, 2064, and may be used as aid for supportive housing. The program is implemented by the

final rule codified at 38 CFR Part 61.0. The final rule was published in the **Federal Register** on September 26, 2003, the regulations can be found in their entirety in 38 CFR, Sec. 61.0 through 61.82. Funds made available under this Notice are subject to the requirements of those regulations.

Allocation: Approximately \$25 million is available for the capital grant component. Capital grant awards will be limited to transitional housing projects, (service center programs will not be considered in this round). Vans must be directly connected to a new or existing Grant and Per Diem Grant project and will be limited to one per project number. Per diem payments to capital grant recipients are subject to the availability of funds and recipients maintaining the program for which the grant was awarded.

Funding Priorities: VA is offering to eligible applicants funding priorities for transitional housing and services to; (1) Serve women, women with care of dependent children, (2) serve all veterans in the States of Vermont, Nebraska, and Alaska, (3) Indian Tribal Governments or non-profit agencies that will provide transitional housing and services on Indian Tribal Property. Finally, VA is encouraging interested state and local governments and faith-based and community-based organizations to apply for funding under this NOFA. In this round of capital grant funding, VA expects to award funding to create approximately 1250 community-based supported housing beds.

Funding priority 1. VA is offering the opportunity for providers who are willing to create new projects specifically for women and women with care of dependent children only, which are 30 beds or less. Of those eligible entities in the first funding priority, that are legally fundable, the highest scoring applicants will be funded first until approximately \$3 million is awarded. Applicants not funded in this priority will be considered in the fourth funding priority. Should not enough eligible projects be funded under the first funding priority, funds not expended in this priority will fall to the fourth funding priority.

Funding priority 2. VA is offering the opportunity for providers who are willing to create new or expand existing projects for homeless veterans in the States of Vermont, Nebraska, and Alaska. Applicants whose projects are physically located in these states will be considered in the second funding priority. Of those eligible entities in the second funding priority, that are legally fundable, the highest scoring applicants

will be funded first until approximately \$2 million is awarded. Applicants not funded in this priority will be placed in the fourth funding priority. Should not enough eligible projects be funded under the second funding priority, funds not expended in this priority will fall to the fourth funding priority.

Funding priority 3. VA is offering the opportunity to Indian Tribal Governments or non-profit agencies that will provide transitional housing and services on Indian Tribal Property to apply for funding under this NOFA to create transitional housing and services for homeless veterans. Eligible entities that are Indian Tribal Governments or non-profit agencies willing to provide transitional housing and services on Indian Tribal Property will be considered in the third funding priority as applicable. Of those eligible entities in the third funding priority, that are legally fundable, the highest scoring applicants will be funded first until approximately \$1 million is awarded. Applicants not funded in this priority will be placed in the fourth funding priority. Should not enough eligible projects be funded under the third funding priority, funds not expended in this priority will fall to the fourth funding priority. Note: Non-profit agencies who apply under this priority will be required to provide a letter of assurance from the Indian Tribal Government that if funded the provision of service will occur on Indian Tribal Property.

Funding priority 4. VA is encouraging interested, State and local governments, Indian Tribal Governments, faith-based and community-based organizations, as well as eligible entities located in The District of Columbia, the Commonwealth of Puerto Rico, or any territory or possession of the United States, to apply for funding under this NOFA to create transitional housing and services for all homeless veterans. Eligible entities that are State and local governments, Indian Tribal Governments, faith-based, and community-based organizations, or any territory or possession of the United States, will be considered in the fourth funding priority as applicable. Of those eligible entities that are legally fundable, the highest-ranked applications for which funding is available, will be conditionally selected for eligibility to receive a capital grant in accordance with their ranked order until funding is expended (approximately \$19 million).

Methodology: VA will review all capital grant applications in response to this notice of funding availability as follows: VA will group the applicants

into the funding priorities categories as applicable. Applicants will then be ranked within their respective funding category based on score and any ranking criteria set forth in that funding category only if the applicant scores at least 600 cumulative points and receives points under the criteria in paragraphs (b), (c), (d), (e) and (i) of section 61.13.

The highest-ranked application for which funding is available, within the highest funding category, will be conditionally selected in accordance with their ranked order until VA reaches the projected amount of funding for each category. If funds are still available after selection of those applications in the highest priority group VA will continue to conditionally select applicants in lower priority categories in accordance with the

selection method set forth in the final rule Sec. 61.14.

Application Requirements:

Applicants must include a cover letter clearly stating under which funding priority they wish to be considered. Non-profit agencies who apply under funding priority three are required to provide a letter of assurance from the Indian Tribal Government that if funded the provision of service will occur on Indian Tribal Property. The grant application requirements will be specified in the application package. Applicants should be careful to complete the proper application package. Submission of the incorrect or incomplete application package will result in the application being rejected at threshold. The packages include all required forms and certifications.

Selections will be made based on criteria described in the application, Final Rule, and NOFA. Applicants who are conditionally selected will be notified of any additional information needed to confirm or clarify information provided in the application. Applicants will then be notified of the deadline to submit such information.

If an applicant is unable to meet any conditions for grant award within the specified time frame, VA reserves the right to not award funds and to use the funds available for other grant and per diem applicants.

Dated: February 8, 2008.

Deputy Secretary of Veterans Affairs.
