

Practice and Procedure of the Federal Energy Regulatory Commission (Commission), 18 CFR 385.206 (2013), Independent Market Monitor for PJM (Market Monitor or Complainant), filed a formal complaint against PJM Interconnection, L.L.C. (PJM or Respondent) requesting that the Commission direct PJM to include rules in the tariff that provide: (i) A requirement that Demand Resources (DR) must offer daily into the PJM Day-Ahead Energy Market, and (ii) a cap on offers from DR at \$1,000 per MWh, consistent with the offer cap applicable to Generation Capacity Resources.

The Complainant states that copies of the complaint were served on representatives of PJM and served to the parties in Docket No. ER14–822–000.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). City of New York; Notice of Availability of Final Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for an original license for the proposed 14.08-megawatt (MW) Cannonsville Hydroelectric Project, to be located on the City of New York's existing Cannonsville Dam, which impounds its Cannonsville Water Supply Reservoir. The dam and reservoir are located on the West Branch of the Delaware River, near the Township of Deposit, in Delaware County, New York. Commission staff prepared a final Environmental Assessment (final EA) which analyzes the potential environmental effects of construction and operation of the project and concludes that issuing a new license for the project, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.

A copy of the final EA is on file with the Commission and is available for public inspection. The final EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208–3676, or for TTY, (202) 502–8659.

Valero Terminals and Distribution Company; Notice for Temporary Waiver of Filing and Reporting Requirements

Take notice that on September 27, 2013, pursuant to Rule 204 of the Commission's Rules of Practice and Procedure, 18 CFR 385.202 (2011), Valero Terminals and Distribution Company ("VTDC") requested that the Commission grant a temporary waiver of the Interstate Commerce Act ("ICA") Section 6 and Section 20 tariff filing and reporting requirements applicable to interstate common carrier pipelines. VTDC's waiver request applies to its one-third undivided ownership interest in the McKee Products System.

Any person desiring to intervene or to protest in the above proceeding must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern Time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St. NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list.
