SUPPLEMENTARY INFORMATION:**A. Background**

Policy for the Small Business Competitiveness Demonstration Program is in FAR subpart 19.10. One

of the objectives of the Program is to expand small business participation in certain targeted industry categories. Each Federal agency participating in the Program designates its own targeted categories in consultation with the Small Business Administration. DoD's targeted categories are in DFARS 219.1005(b).

This final rule updates the North American Industry Classification System (NAICS) codes shown for the targeted industry categories at 219.1005(b)(10), for consistency with the 2002 NAICS listing published by the U.S. Census Bureau. In addition, to simplify the descriptions of targeted categories, the entries for research and development have been combined with the entries for manufacturing at 219.1005(b)(5), (6), and (7). These changes are administrative only and have no impact on the Program.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

This rule will not have a significant cost or administrative impact on contractors or offerors, or a significant effect beyond the internal operating procedures of DoD. Therefore, publication for public comment is not required. However, DoD will consider comments from small entities

concerning the affected DFARS subpart in accordance with 5 U.S.C. 610. Such comments should cite DFARS Case 2003–D003.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*
