

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA-2009-0001-N-12]

Notice of Request for Comments on Information Collection Requirements

AGENCY: Federal Railroad Administration, DOT.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Requirements (ICRs) abstracted below have been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICRs describe the nature of the information collections and their expected burdens. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collections of information was published on March 24, 2009 (74 FR 12443).

DATES: Comments must be submitted on or before July 6, 2009.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Safety, Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1200 New Jersey Ave., SE., Mail Stop 17, Washington, DC 20590 (telephone: (202) 493-6292), or Ms. Nakia Jackson, Office of Information Technology, RAD-20, Federal Railroad Administration, 1200 New Jersey Ave., SE., Mail Stop 35, Washington, DC 20590 (telephone: (202) 493-6073). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law No. 104-13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On March 24, 2009, FRA published a 60-day notice in the **Federal Register** soliciting comment on ICRs that the agency was seeking OMB approval. 74 FR 12443. FRA received no comments after issuing this 60-day notice. Accordingly, DOT announces that these information collection activities have been re-evaluated and certified under 5 CFR 1320.5(a) and forwarded to OMB for review and approval pursuant to 5 CFR 1320.12(c).

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30 day notice is published. 44 U.S.C. 3507 (b)-(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30 day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summaries below describe the nature of the information collection requirements (ICRs) and the expected burden. The revised requirements are being submitted for clearance by OMB as required by the PRA.

Title: Filing of Dedicated Cars

OMB Control Number: 2130-0502

Type of Request: Extension of a currently approved collection.

Affected Public: Railroads.

Abstract: Title 49, Part 215 of the Code of Federal Regulations, prescribes certain conditions to be followed for the movement of freight cars that are not in compliance with this Part. These cars must be identified in a written report to FRA before they are assigned to dedicated service, and the words "Dedicated Service" must be stenciled on each side of the freight car body. FRA uses the information to determine whether the equipment is safe to operate and that the operation qualifies for dedicated service. *See* 49 CFR 215.5 (c) (2), 215.5 (d).

Form Number(s): N/A.

Annual Estimated Burden Hours: 4 hours.

Title: Remotely Controlled Switch Operations.

OMB Control Number: 2130-0516.

Type of Request: Extension of a currently approved collection.

Affected Public: Railroads.

Abstract: Title 49, Section 218.30 of the Code of Federal Regulations (CFR), ensures that remotely controlled switches are lined to protect workers who are vulnerable to being struck by moving cars as they inspect or service equipment on a particular track or, alternatively, occupy camp cars. FRA believes that production of notification requests promotes safety by minimizing mental lapses of workers who are

simultaneously handling several tasks. Sections 218.30 and 218.67 require the operator of remotely controlled switches to maintain a record of each notification requesting blue signal protection for 15 days. Operators of remotely controlled switches use the information as a record documenting blue signal protection of workers or camp cars. This record also serves as a valuable resource for railroad supervisors and FRA inspectors monitoring regulatory compliance.

Form Number(s): N/A.

Annual Estimated Burden Hours: 60,038 hours.

Title: Bad Order and Home Shop Card.

OMB Control Number: 2130-0519.

Type of Request: Extension of a currently approved collection.

Affected Public: Railroads.

Abstract: Under 49 CFR part 215, each railroad is required to inspect freight cars placed in service and take the necessary remedial action when defects are identified. Part 215 defects are specific in nature and relate to items that have or could have caused accidents or incidents. Section 215.9 sets forth specific procedures that railroads must follow when it is necessary to move defective cars for repair purposes. For example, railroads must affix a "bad order" tag describing each defect to each side of the freight car. It is imperative that a defective freight car be tagged "bad order" so that it may be readily identified and moved to another location for repair purposes only. At the repair point, the "bad order" tag serves as a repair record. Railroads must retain each tag for 90 days to verify that proper repairs were made at the designated location. FRA and State inspectors review all pertinent records to determine whether defective cars presenting an immediate hazard are being moved in transportation.

Form Number(s): N/A.

Annual Estimated Burden Hours: 15,750 hours.

Addressee: Send comments regarding these information collections to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street, NW., Washington, DC 20503, Attention: FRA Desk Officer. Alternatively, comments may be sent via e-mail to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget, at the following address: oira_submissions@omb.eop.gov.

Comments are invited on the following: Whether the proposed collections of information are necessary for the proper performance of the functions of the Department, including

whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collections; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collections of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.

Authority: 44 U.S.C. 3501–3520.

Issued in Washington, DC, on May 29, 2009.

Kimberly Orben,

*Director, Office of Financial Management,
Federal Railroad Administration.*

BILLING CODE 4910–06–P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[U.S. DOT Docket Number NHTSA–2009–0054]

Reports, Forms, and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Request for public comment on proposed collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections.

This document describes one collection of information for which NHTSA intends to seek OMB approval.

DATES: Comments must be received on or before June 15, 2009.

ADDRESSES: You may submit comments [identified by DOT Docket No. NHTSA–2009–0054] by any of the following methods:

- **Federal eRulemaking Portal:** Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- **Mail:** Docket Management Facility: U.S. Department of Transportation, 1200

New Jersey Avenue, SE., West Building Ground Floor, Room W12–140, Washington, DC 20590–0001

- **Hand Delivery or Courier:** West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays. Telephone: 1–800–647–5527.

- **Fax:** 202–493–2251.

Instructions: All submissions must include the agency name and docket number for this proposed collection of information. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477–78) or you may visit <http://DocketInfo.dot.gov>.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov> or the street address listed above. Follow the online instructions for accessing the dockets.

FOR FURTHER INFORMATION CONTACT:

Complete copies of each request for collection of information may be obtained at no charge from Timothy M. Pickrell, NHTSA, 1200 New Jersey Avenue, SE., W55–204, NVS–421, Washington, DC 20590. Mr. Pickrell's telephone number is (202) 366–2903.

Please identify the relevant collection of information by referring to its OMB Control Number.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d), an agency must ask for public comment on the following:

- (i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- (ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- (iii) How to enhance the quality, utility, and clarity of the information to be collected;

- (iv) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collections of information:

Title: The National Survey on the Use of Booster Seats.

OMB Control Number: 2127–0644.

Affected Public: Motorists in passenger vehicles at gas stations, fast food restaurants, and other types of sites frequented by children during the time in which the survey is conducted.

Form Number: NHTSA Form 1010.

Abstract: The National Survey of the Use of Booster Seats is being conducted to respond to Section 14(i) of the Transportation Recall Enhancement, Accountability, and Documentation (TREAD) Act of 2000. The Act directs the Department of Transportation to reduce the deaths and injuries among children in the 4 to 8 year old age group that are caused by failure to use a booster seat by 25%. Conducting the National Survey of the Use of Booster Seats provides the Department with invaluable information on who is and is not using booster seats, helping the Department better direct its outreach programs to ensure that children are protected to the greatest degree possible when they ride in motor vehicles. The OMB approval for this survey is scheduled to expire on July 31, 2009. NHTSA seeks an extension to this approval in order to obtain this important survey data, saving more children and helping to comply with the TREAD Act requirement.

Estimated Annual Burden: 320 hours

Estimated Number of Respondents: Approximately 4,800 adult motorists in passenger vehicles at gas stations, fast food restaurants, and other types of sites frequented by children during the time in which the survey is conducted.

Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden
