

drawn down from 503.50 to 502.32 feet by the first week of March. Then, the lake is refilled to between 504.10 and 504.32 feet by June 1. From June 1 to Columbus Day, the lake elevation is maintained between 502.80 and 504.32 feet for summer recreation. From Columbus Day through December 31, the lake elevation is maintained between 503.00 and 503.50 feet for shoreline maintenance. A year-round minimum flow of 200 cubic feet per second (cfs) or greater is provided from the spillway or the powerhouse to the Winnepesaukee River.

The applicant is not proposing any changes to the project facilities or project operation.

m. A copy of the application can be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support.

n. Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, and .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

All filings must: (1) bear in all capital letters the title "PROTEST," "MOTION TO INTERVENE," "COMMENTS," "REPLY COMMENTS," "RECOMMENDATIONS," "TERMS AND CONDITIONS," or "PRESCRIPTIONS;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person submitting the filing; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions, or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. Each filing must be accompanied by proof of service on all persons listed on the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

You may also register online at <https://www.ferc.gov/ferc-online/overview> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

o. The applicant must file no later than 60 days following the date of issuance of this notice: (1) a copy of the water quality certification; (2) a copy of the request for certification, including proof of the date on which the certifying agency received the request; or (3) evidence of waiver of water quality certification. Please note that the certification request must comply with 40 CFR 121.5(b), including documentation that a pre-filing meeting request was submitted to the certifying authority at least 30 days prior to submitting the certification request. Please also note that the certification request must be sent to the certifying authority and to the Commission concurrently.

p. Procedural Schedule: The application will be processed according to the following schedule. Revisions to the schedule will be made as appropriate.

Milestone	Target date
Filing of Comments, Recommendations, Terms and Conditions, and Prescriptions.	January 2024.
Filing of Reply Comments	February 2024.

q. The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Dated: November 14, 2023.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 10615-058]

Tower Kleber Limited Partnership; Notice of Tribal Consultation Meeting and Environmental Site Review

On December 6, 2023, Commission staff will hold a Tribal consultation meeting and environmental site review on the proposed relicensing of the Tower and Kleber Hydroelectric Project No. 10615 (project).

Tribal Consultation Meeting

On December 6, 2023, at 1:00 p.m. EST, Commission staff will hold a meeting to consult with Tribes on the project's relicensing and cultural resources at the project. Discussion topics for the consultation meeting are noted in Appendix A.

The consultation meeting is open to all. Participation in the discussion, however, will be limited to the Tribes and Commission staff. The relicense applicant, Tower Kleber Limited Partnership, will be given an opportunity to describe its relicensing proposal for the project. Others attending may do so as observers only.

There will be no transcript of the meeting, but a summary of the meeting will be prepared for the project record. In accordance with the requirements of section 304 of the National Historic Preservation Act and implementing regulations,¹ if the Tribes decide to disclose information about a specific location that could create a risk or harm to an archeological site or Native American cultural resource, attendees will be excused for that portion of the meeting and can return to the meeting after such information is disclosed. Commission staff's meeting summary will include an unredacted privileged version and a redacted public version that excludes information about the specific location of the archeological site or Native American cultural resource.

The consultation meeting will be held in person at the Onaway City Hall located at 20774 State Street, Onaway, Michigan 49765. A teleconference option will be available for stakeholders that cannot attend the meeting in person. If you are interested in attending via teleconference, please contact Arash Barsari at (202) 502-6207 or Arash.JalaliBarsari@ferc.gov by December 4, 2023, to receive specific instructions on how to participate.

¹ See 54 U.S.C. 307103; 36 CFR 800.11(c).

Environmental Site Review

On December 6, 2023, at 9:00 a.m. EST, Tower Kleber Limited Partnership will conduct an environmental site review of the project. All interested persons are invited to participate.

The site review will include the facilities associated with the two hydropower developments of the project (i.e., the Tower Development and Kleber Development). The site review will commence at the parking area adjacent to the Tower Development powerhouse. Please note that all participants are responsible for their own transportation to/from the project and during the site review tour. If you are interested in attending, or have questions regarding the site review, please contact Jim Tucker of Tower Kleber Limited Partnership via email at tuckerjkgam@aol.com, or telephone at (989) 370-1704 by Friday, December 1, 2023.

Participants will meet at the parking area adjacent to the Tower Development powerhouse at 9660 Co-Op Road, Onaway, Michigan 49765. Participants should arrive early for coordination purposes and to begin the tour promptly at 9:00 a.m. EST. Additionally, participants must wear sturdy, closed-toe shoes or boots.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202)502-6595 or OPP@ferc.gov.

Dated: November 15, 2023.

Debbie-Anne A. Reese,
Deputy Secretary.

Federal Energy Regulatory Commission

[Docket No. CP24-13-000]

MountainWest Overthrust Pipeline, LLC; Notice of Application and Establishing Intervention Deadline

Take notice that on November 2, 2023, MountainWest Overthrust Pipeline, LLC (Overthrust), 333 S. State St., 3rd Floor, Salt Lake City, Utah 84111, filed an application under section 7(c) of the Natural Gas Act (NGA), and Part 157 of the Commission's regulations requesting authorization for its Westbound Compression Expansion Project (Project). The Project is an incremental expansion of Overthrust's existing pipeline system that will enable Overthrust to provide an additional 325,000 dekatherms per day of westbound firm transportation capacity. Overthrust proposes to install one 15,900 ISO-rated horsepower (HP), gas-fired turbine compressor unit each at its Point of Rocks and Rock Springs Compressor Stations and appurtenances, all located in Lincoln and Sweetwater Counties, Wyoming. Overthrust estimates the total cost of the Project to be \$116,900,000. Overthrust proposes an incremental recourse reservation rate applicable to the firm transportation service under the Project. The Project shipper has elected to pay a negotiated reservation rate, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (www.ferc.gov) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room. For assistance, contact the Federal Energy Regulatory Commission at FercOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY (202) 502-8659.

Any questions regarding the proposed project should be directed to Greg Williams, Regulatory Analyst Lead, MountainWest Overthrust Pipeline, LLC, 333 S. State St., 3rd Floor, Salt Lake City, Utah 84111 by phone at (801) 209-6764, or by email at greg.williams@williams.com.

Pursuant to Section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file comments on the project, you can protest the filing, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on December 6, 2023. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections, to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be.
