CONSUMER PRODUCT SAFETY COMMISSION

Submission for OMB Review; Comment Request—Requirements for Electrically Operated Toys and Children's Articles

AGENCY: Consumer Product Safety Commission.

ACTION:

SUMMARY: In the **Federal Register** of November 24, 1999 (64 FR 66171), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) to announce the agency's intention to seek extension of approval of the collection of information required in the Requirements for Electrically Operated Toys or Other Electrically Operated Articles Intended for Use by Children (16 CFR Part 1505). No comments were received in response to that notice. By publication of this notice, the Commission announces that it has submitted to the Office of Management and Budget (OMB) a request for extension of approval of that collection of information without change for three years from the date of approval by OMB.

The regulations in Part 1505 establish performance and labeling requirements for electrically operated toys and children's articles to reduce unreasonable risks of injury to children from electric shock, electrical burns, and thermal burns associated with those products. Section 1505.4(a)(3) of the regulations requires manufacturers and importers of electrically operated toys and children's articles to maintain records for three years containing information about: (1) Material and production specifications; (2) the quality assurance program used; (3) results of all tests and inspections conducted; and (4) sales and distribution of electrically operated toys and children's articles.

The records of testing and other information required by the regulations allow the Commission to determine if electrically operated toys and children's articles comply with the requirements of the regulations in Part 1505. If the Commission determines that products fail to comply with the regulations, this information also enables the Commission and the firm to: (i) identify specific lots or production lines of products which fail to comply with applicable requirements; and (ii) notify distributors and retailers in the event those products are subject to recall.

Additional Information About the Request for Extension of Approval of a Collection of Information

Agency address: Consumer Product Safety Commission, Washington, DC 20207.

Title of information collection: Requirements for Electrically Operated Toys or Other Electrically Operated Articles Intended for Use by Children, 16 CFR Part 1505.
