

NMFS within 90 days after the expiration of the IHA, if it is issued.

National Environmental Policy Act (NEPA)

NMFS has prepared a draft EA for public review and comment (see **ADDRESSES**), that describes the impact on the human environment that would result from implementation of this action. NMFS has concluded, preliminarily, that no significant impact on the human environment would result.

ESA

NMFS is conducting a Section 7 consultation under the ESA to make a determination whether the proposed research project would be likely to jeopardize the continued existence of the eastern U.S. stock of Steller sea lions.

Preliminary Determinations

For the reasons discussed in this document and in the identified supporting documents, NMFS has preliminarily determined that the impact of seabird research on Southeast Farallon Island, Ano Nuevo Island, and Point Reyes NS would result, at worst, in the Level B harassment of small numbers of California sea lions, Pacific harbor seals, northern elephant seals, and Steller sea lions hauled out in the vicinity of the proposed research area. While behavioral modifications, including temporarily vacating the area during the survey period, may be made by these species to avoid the resultant visual disturbance, the availability of alternate areas within these areas and haul-out sites has led NMFS to preliminarily determine that this action will have a negligible impact on California sea lions, Pacific harbor seals, northern elephant seals, and Steller sea lions.

In addition, no take by Level A harassment (injury) or death is anticipated and harassment takes should be at the lowest level practicable due to incorporation of the mitigation measures described in this document.

Proposed Authorization

NMFS proposes to issue an IHA to PRBO for the potential harassment of small numbers of California sea lions, harbor seals, northern elephant seals, and Steller sea lions incidental to conducting of seabird research on Southeast Farallon Island, Ano Nuevo Island, and Point Reyes NS, provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated.

NMFS requests interested persons to submit comments, information, and suggestions concerning this request (see **ADDRESSES**).

Dated: July 23, 2007.

Deputy Director, Office of Protected Resources, National Marine Fisheries Service.

Office of the Secretary

Notice of Funding Availability for Special Assistance to Local Educational Agencies (LEAs) in the Vicinity of a United States Service Academy

AGENCY: Department of Defense.

ACTION: Notice.

SUMMARY: This notice announces the availability of \$5 million in assistance of Local Educational Agencies (LEAs). The Office of Economic Adjustment (OEA) is authorized by section 3310 of Pub. L. 110-28, to provide up to \$5 million in assistance to LEAs. Awards of up to \$1.5 million per Applicant may be provided under this Notice to assist LEAs in the vicinity of a United States Service

Academy (Service Academy), primarily where the loss of local revenue base, due to Federal property not being taxable, constrains an applicant's operating expenses and the ability to maintain educational programs.

Assistance may be provided to a LEA, or a State or local government on behalf of one or more LEAs, depending on the scope of the proposal. Funds provided under this Notice may not be used to replace or supplant Impact Aid assistance available from the Department of Defense (DoD) or the U.S. Department of Education (ED).

DATES: Proposals will be accepted through the close of business on August 31, 2007, or the date funds are no longer available for these purposes, whichever comes first.

SUPPLEMENTARY INFORMATION:

I. Funding Opportunity Description

OEA, a DOD Field Activity, is authorized by section 3310 of Pub. L. 110-28 to provide special assistance to LEAs. These funds are intended to assist LEAs in the vicinity of a Service Academy, primarily where the loss of local revenue base, due to Federal property not being taxable, constrains an applicant's operating expenses and the ability to maintain educational programs. Five million dollars is made available under this Notice.

II. Award Information

OEA is accepting proposals for grant awards, not to exceed \$1.5 million per applicant. Proposals will be rated on content, responsiveness to this Notice, and budget. OEA will notify respondents within fifteen (15) days of receipt of a proposal whether their proposal qualifies to invite a grant application.

III. Eligibility Information

A LEA is defined as:

- A board of education or other legally constituted local school authority having administrative control and direction of free public education in a county, township, independent school district, or other school district; and

For the purpose of this Notice, "LEAs in the vicinity of a United States Service Academy" means:

- A LEA where the total student enrollment includes school age dependants of Military, DOD civilian, and/or DOD contractor personnel employed on the Service Academy. Priority consideration will be given to LEAs where the school age dependants of Military, DOD civilian, and/or DOD contractor personnel employed on the Service Academy comprise at least three percent (3%) or 400, whichever is less, of the LEA's total student enrollment.

Eligible activities are limited to non-construction activities—for example, operational expenses (including salaries), conduct of planning studies and site assessments, and the development of financial plans.

2. Review and Selection Process—All proposals will be reviewed on their individual merit by a panel of OEA staff, which may be augmented by other Federal or non-Federal technical experts (e.g. ED), as necessary. OEA will notify the respondent within fifteen (15) days of receipt of a proposal whether their proposal:

- Was successful and invite the successful respondent to submit a grant application. OEA will assign a Project Manager to advise and assist successful respondents in the completion of the grant application;
- Was unsuccessful and state the reasons why; or
- Remains under consideration pending the receipt of specific additional information.

BILLING CODE 3710-08-M

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Availability of the Draft Supplemental Environmental Impact Statement for the Rueter-Hess Reservoir Expansion Project, Parker, CO

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of availability.

SUMMARY: The U.S. Army Corps of Engineers (Corps) Omaha District has prepared a Draft Supplemental Environmental Impact Statement (SEIS) to analyze the direct, indirect and cumulative effects of enlarging the currently permitted Rueter-Hess Reservoir in Parker, CO. The current project was authorized in February 2004 with Department of the Army Permit No. 199980472 (Section 404 Permit). The basic purpose of the Proposed Action would allow the reservoir to serve as a regional water management facility for multiple water providers in northern Douglas County; enable them to meet peak demands; greatly enhance water management in the region; and help extend the yield of the Denver Basin aquifers, a non-renewable water source and the primary source of water for the South Metro area. Expansion of the reservoir would result in direct impacts to an additional 0.21 acres of wetlands and 4 miles of intermittent stream channel (in addition to the 6.7 acres of wetlands and 5 miles of other waters of the U.S. permitted as part of the 16,200-acre-foot [AF] reservoir). This action requires authorization from the Corps under Section 404 of the

Clean Water Act. The Permittee and Applicant is the Parker Water and Sanitation District (PWSD).

The Draft SEIS was prepared in accordance with the National Environmental Policy Act (NEPA) of 1969, as amended, and the Corps' regulations for NEPA implementation (33 Code of Federal Regulations [CFR] Parts 230 and 325, Appendices B and C). The Corps, Omaha District, Regulatory Branch is the lead federal agency responsible for the Draft SEIS and information contained in the SEIS serves as the basis for a decision regarding issuance of a Section 404 Permit modification. It also provides information for local and state agencies having jurisdictional responsibility for affected resources.

DATES: Written comments on the Draft SEIS will be accepted on or before August 27, 2007. Oral and/or written comments may also be presented at the Public Hearings to be held at 7 p.m. on Tuesday, August 21, 2007 at the Douglas County Office Building (Philip S. Miller Bldg.), Hearing Room (100 Third Street), Castle Rock, CO and on Wednesday, August 22, 2007 at the North Water Reclamation Plant (18100 East Woodman Drive), Parker, CO.

ADDRESSES: Send written comments regarding the Proposed Action and Draft SEIS to Rodney Schwartz, Senior Project Manager, U.S. Army Corps of Engineers, Omaha District—Regulatory Branch, 12565 West Center Road, Omaha, NE 68144-3869 or via e-mail: rodney.j.schwartz@usace.army.mil. Requests to be placed on or removed from the mailing list should also be sent to this address.

FOR FURTHER INFORMATION CONTACT: Rodney Schwartz, Senior Project Manager, U.S. Army Corps of Engineers at 402-221-4143; Fax 402-221-4939.

SUPPLEMENTARY INFORMATION: The purpose of the Draft SEIS is to provide decision-makers and the public with information pertaining to the Proposed Action and alternatives, and to disclose environmental impacts and identify mitigation measures to reduce impacts. PWSD proposes to enlarge the Rueter-Hess Reservoir from the currently permitted design of 16,200 AF by 55,800 AF for a total storage capacity of approximately 72,000 AF. This is considered the site's maximum storage capacity based on the site's topography. The proposed expanded reservoir pool would inundate approximately 1,140 acres (an additional 672 acres). PWSD would maintain a 5,000-AF emergency reserve pool in the reservoir (elevation 6,110 feet) to be used as needed to provide a reliable water supply for its
