

reporting year. Interstate pipelines performing unbundled sales service under a blanket certificate granted under Part 284 of the regulations are required to file an annual report detailing specific information on each transaction initiated during the reporting year.

In Order No. 644 (68 FR 66323, November 26, 2003), the Commission amended its regulations regarding blanket certificates for unbundled gas sales services held by interstate natural gas pipelines and blanket marketing certificates held by persons making sales for resale of gas at negotiated rates in interstate commerce. The Commission required that pipelines and all sellers for resale adhere to a code of conduct with respect to gas sales.

The information collected in these reports is used by the Commission to monitor the jurisdictional transportation activities of intrastate, Hinshaw pipelines and the unbundled sales activities of interstate natural gas pipelines and persons holding blanket marketing certificates. The Commission also uses the information to ensure the integrity of the gas sales market that remains under the Commission's jurisdiction. These are mandatory filing and recordkeeping requirements in the Code of Federal Regulations under 18 CFR 284.126, 284.281–284.288 and 284.401–284.403.

5. *Respondent Description:* The respondent universe currently comprises 222 filings (average per year) subject to the Commission's jurisdiction. Of the 222, 77 filings are for the transportation report under 284.126.

6. *Estimated Burden:* 1,290 total hours, 222 respondents (average per year), 1 response per respondent, and 11.2 hours per response (average) for the two filings.

7. *Estimated Cost Burden to Respondents:* 1,290 hours / 2080 hours per year × \$108,558 per year = \$44,154 (reporting) + \$477,300 (22 × \$2150) (recordkeeping) = \$521,454. The cost per respondent is equal to \$2,349.

**Statutory Authority:** Sections 311–312 of the NGPA (15 U.S.C. 3371–3372) and Section 7 of the NGA (15 U.S.C. 717f).

Such notices, motions, or protests must be filed in accordance with the provisions of § 154.210 of the Commission's regulations (18 CFR 154.210). #### Columbia Gas Transmission Company; Notice of Application

May 3, 2005.

Take notice that Columbia Gas Transmission Company (Columbia), 1700 MacCorkle Avenue, SE., Charleston, West Virginia 25314, filed in Docket No. CP05–157–000 on April 26, 2005, an application pursuant to section 7(b) of the Natural Gas Act (NGA), to abandon, by removal, two obsolete compressor units and appurtenant facilities at the Dundee Compressor Station, located in Schuyler County, New York, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be also viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call (202) 502–8222 or TTY, (202) 208–1659.

Any questions regarding this application should be directed to Fredric J. George, Senior Attorney, at (304) 357–2359 (telephone) or (304) 357–3206 (fax).

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in

the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.
