Enbridge Pipelines (KPC); Notice of Proposed Changes in FERC Gas Tariff

October 2, 2001.

Take notice that on September 28, 2001, Enbridge Pipelines (KPC), formerly Kansas Pipeline Company (KPC) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following tariff sheets, with an effective date of November 1, 2001:

First Revised Sheet No. 15
First Revised Sheet No. 21
First Revised Sheet No. 26
First Revised Sheet No. 28
First Revised Sheet No. 30
First Revised Sheet No. 31A
First Revised Sheet No. 31C

KPC states that the purpose of the filing is to reflect a decrease of 0.3251% in its Fuel Reimbursement Percentage for volumes delivered between November and March pursuant to Section 23 of the General Terms and Conditions of its FERC Gas Tariff. After the change, KPC states that, other than the 1.25% fuel retention collected pursuant to the Transok lease, its system Fuel Reimbursement Percentage will be 0.00% for each of its three (3) Zones.

KPC further states that because of an administrative oversight, it did not file to change its Fuel Reimbursement Surcharge effective on November 1, 2000, however, because the rates would have increased, there was no adverse effect on its shippers. KPC requested any waiver that may be required, to permit the proposed tariff sheets to be made effective on November 1, 2001.

KPC states that copies of its transmittal letter and appendices have

been mailed to all affected customers and interested state commissions.
