SUPPLEMENTARY INFORMATION:

Title: Part 150, Position Limits, (OMB Control No. 3038-0013). This is a request for extension of a currently approved information collection.

Abstract: Commodity Exchange Act (“CEA”) section 4a directs the Commission to establish limits on speculative positions, as the Commission determines to be necessary, to prevent the harms caused by excessive speculation. This Position Limits collection of information (OMB Control No. 3038-0013) includes collections of information required under both the Final Rule and the Aggregation Rule (as each Rule is defined below).

In 2021, the Commission issued a final rule on position limits that implemented CEA section 4a and established the Commission’s new position limits regime found in part 150 of the Commission’s Regulations (“Final Rule”).² The Final Rule, among other things, included: new and amended Federal spot-month limits for the 25 core referenced futures contracts; (2) amended Federal non-spot limits for the nine legacy agricultural contracts subject to existing Federal position limits; (3) amended rules governing exchange-set limit levels and grants of exemptions therefrom; (4) an amended process for requesting certain spread exemptions and non-enumerated bona fide hedge recognitions for purposes of Federal position limits directly from the Commission; (5) a new streamlined process for recognizing non-enumerated bona fide hedge positions from Federal limit requirements; and (6) amendments to part 19 of the Commission’s Regulations and related provisions that eliminated certain reporting obligations

that require traders to submit a Form 204 and Parts I and II of Form 304.

Separately, in 2016 the Commission issued a final rule amending Commission Regulation 150.4, which sets forth requirements regarding the aggregation of positions subject to federal position limits (the “Aggregation Rule”).³ Among other things, Regulation 150.4 includes standards for the aggregation of accounts and procedures for seeking an exemption from position aggregation requirements under the Commission’s federal position limits.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.⁴ On January 19, 2023, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 88 FR 3395 (“60-Day Notice”). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: The Commission anticipates that there will continue to be approximately 776 respondents and the hourly burden will remain the same as provided in the 60-Day Notice. The respondent burden for this collection is estimated to be as follows:

Estimated number of respondents: 776.

Estimated average burden hours per respondent: 15.14 hours.

Estimated total annual burden hours for all respondents: 11,748 hours.

Frequency of Collection: As needed.

There are no capital costs or operating and maintenance costs associated with this collection.

(Authority: 44 U.S.C. 3501 *et seq.*)

Dated: March 22, 2023.

Robert Sidman,

Deputy Secretary of the Commission.

BILLING CODE 6351-01-P

³ See “Aggregation of Positions,” 81 FR 91454 (Dec. 16, 2016). The position aggregation requirements set forth in Regulation 150.4 are the subject of No-Action Letter 22-09 and have been the subject of similar no-action letters since the rule’s effective date. As such, as of the date of this notice, market participants do not submit the reports set forth in Regulation 150.4. Accordingly, all collections of information and related burden estimates under Regulation 150.4 are hypothetical.

⁴ 44 U.S.C. 3512, 5 CFR 1320.5(b)(2)(i) and 1320.8(b)(3)(vi).

DEPARTMENT OF DEFENSE

Department of the Army

[Docket ID: USA-2023-HQ-0007]

Proposed Collection; Comment Request

AGENCY: U.S. Army Corps of Engineers (USACE), Department of the Army, Department of Defense (DoD).

ACTION: 60-Day information collection notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the USACE announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency’s estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by May 30, 2023.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <https://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to U.S. Army Engineer Research and Development Center (ERDC), 3909 Halls Ferry Road,

² See “Position Limits for Derivatives,” 86 FR 3236 (Jan. 24, 2021).

Vicksburg, MS 39180; ATTN: Dr. Robert P. Jones, or call 601-634-4098.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Stakeholder and Community Coastal Storm Hazard Surveys; OMB Control Number 0710-CCFR.

Needs and Uses: Information from the surveys described here is needed to address the research questions funded in the Compound Coastal Flooding Congressional Add; a \$5 million joint effort between the U.S. Army Corps of Engineers—Engineer Research and Development Center (ERDC) and the University of Alabama. Research seeks to inform improved modeling of compound coastal storm events, including improved simulation of impacts to communities and of protective action-taking. The collaborative Broad Agency Agreement with the University of Alabama includes proposed tasks to identify effective flood risk communication tools which influence coastal residents' risk mitigation actions and to better understand key community stakeholder communication of hazards. Execution of these funded tasks requires the University of Alabama Principal Investigator and team to gather information through three community and stakeholder surveys. Findings from their analysis will inform coastal storm hazard modeling and risk communication for better outcomes from storm events.

Affected Public: Individuals or households.

Annual Burden Hours: 1,525.

Number of Respondents: 3,050.

Responses per Respondent: 1.

Annual Responses: 3,050.

Average Burden per Response: 30 minutes.

Frequency: Once.

The coastal storm hazard surveys will be distributed to stakeholders and members of the general public in Houston, Texas, Mobile, Alabama, and Savannah, Georgia. The stakeholder survey instrument aims to identify the perceptions and attitudes of local stakeholders in these at-risk areas toward coastal storm hazards, mitigation of those hazards, and the information dissemination to the public regarding those hazards. Three community survey instruments aim to identify the perceptions and use of information by the general public regarding coastal hazards, specifically hurricane and flood events, before, during, and after the Atlantic hurricane season. The data will be used for statistical tests to identify significant trends in the distinct topics addressed by each survey.

Dated: March 22, 2023.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 3710-08-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2023-SCC-0013]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Presidential Cybersecurity Education Award

AGENCY: Office of Career, Technical, and Adult Education (OCTAE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a new information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before April 27, 2023.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be submitted within 30 days of publication of this notice. Click on this link www.reginfo.gov/public/do/PRAMain to access the site. Find this information collection request (ICR) by selecting "Department of Education" under "Currently Under Review," then check the "Only Show ICR for Public Comment" checkbox. Reginfo.gov provides two links to view documents related to this information collection request. Information collection forms and instructions may be found by clicking on the "View Information Collection (IC) List" link. Supporting statements and other supporting documentation may be found by clicking on the "View Supporting Statement and Other Documents" link.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Corinne Sauri, 202-245-6412.

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the

information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Presidential Cybersecurity Education Award.

OMB Control Number: 1830-NEW.

Type of Review: A new ICR.

Respondents/Affected Public: Individuals and Households.

Total Estimated Number of Annual Responses: 80.

Total Estimated Number of Annual Burden Hours: 80.

Abstract: The Executive Order on America's Cybersecurity Workforce (Executive Order 13870), signed on May 2, 2019, included a directive for the Secretary of Education, in consultation with the DAPHSCT and the National Science Foundation, to develop and implement an annual Presidential Cybersecurity Education Award to be presented to one elementary and one secondary school educator per year who best instill skills, knowledge, and passion with respect to cybersecurity and cybersecurity-related subjects.

This information collection request supports this executive order.

Dated: March 22, 2023.

Juliana Pearson,

PRA Coordinator, Strategic Collections and Clearance Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.
