on Solid Urea From the Union of Soviet Socialist Republics to the Commonwealth of Independent States and the Baltic States and Opportunity to Comment, 57 FR 28828 (June 29, 1992).

In March 1999, the Department initiated sunset reviews on these orders and later published its notice of continuation of the antidumping duty orders. See Continuation of Antidumping Duty Orders: Solid Urea From Armenia, Belarus, Estonia, Lithuania, Romania, Russia, Tajikistan, Turkmenistan, Ukraine, and Uzbekistan, 64 FR 62653 (November 17, 1999). Pursuant to section 751(c) of the Act and 19 CFR 351.218, the Department initiated the sunset reviews of these orders, excluding Armenia, by publishing the notice of the initiation in the Federal Register, 69 FR 58890 (October 1, 2004). In addition, as a courtesy to interested parties, the Department sent letters, via certified and registered mail, to each party listed on the Department's most current service list for these proceedings to inform them of the automatic initiation of the sunset reviews of the orders.

We received a waiver from domestic interested parties by the deadline dates. See 19 CFR 351.218(d)(1)(iii)(A) and Waiver of the Domestic Interested Parties (October 18, 2004). As a result, the Department determined that no domestic interested party intends to participate in the sunset reviews, and on October 21, 2004, we notified the International Trade Commission, in writing, that we intended to issue a final determination revoking these antidumping duty orders. See 19 CFR 351.218(d)(1)(iii)(B)(2).

Determination to Revoke

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.218(d)(1)(iii)(B)(3), if no domestic interested party files a notice of intent to participate, the Department shall issue a final determination, within 90 days after the initiation of the review, revoking an order. Because the domestic interested parties waived their right to participate in the sunset reviews, the Department finds that no domestic interested party is participating in these sunset reviews. Therefore, consistent with 19 CFR 351.222(i)(2)(i) and section 751(c)(6)(A)(iii) of the Act, we are revoking these antidumping duty orders effective November 17, 2004, the fifth anniversary of the date the Department published the continuation of the antidumping duty orders.

Effective Date of Revocation

Pursuant to sections 751(c)(3)(A) and 751(c)(6)(A)(iii) of the Act and 19 CFR

351.222(i)(2)(i), the Department will instruct the U.S. Customs and Border Protection to terminate the suspension of liquidation of the merchandise subject to these orders entered, or withdrawn from warehouse, on or after November 17, 2004. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and antidumping duty deposit requirements. The Department will complete any pending administrative reviews of these orders and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

These five-year (sunset) reviews and notice are in accordance with sections 751(c) and 777(i)(1) of the Act.

Original Signed.

Dated: December 17, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.

Application for Duty-Free Entry of Scientific Instrument

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89–651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether an instrument of equivalent scientific value, for the purposes for which the instrument shown below is intended to be used, is being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5 p.m. in Suite 4100W, U.S. Department of Commerce, Franklin Court Building, 1099 14th Street, NW., Washington, DC.

Docket Number: 04–023. Applicant: Oklahoma Medical Research Foundation, 825 NE. 13th, Oklahoma City, Oklahoma 73104.

Instrument: Electron Microscope, Model H–7600–1 TEM.

Manufacturer: Instruments, Hitachi Ltd., Japan.

Intended Use: The instrument is intended to be used to examine and record images of biological specimens from various basic biomedical research laboratories to increase understanding of and to direct basic biomedical research to gain a better understanding of biological phenomena. It will be used to support NIH and NSF-funded research and to train graduate students and postdoctoral investigators.

Application accepted by Commissioner of Customs: November 30, 2004.

Gerald A. Zerdy,

Program Manager, Statutory Import Programs Staff.

Applications may be examined between 8:30 a.m. and 5 p.m. in Suite 4100W, U.S. Department of Commerce, Franklin Court Building, 1099 14th Street, NW., Washington, DC. Docket Number: 04–024.

Applicant: The University of Iowa, Central Microscopy Research Facilities, 85 Eckstein Medical Research Bldg., Iowa City, IA 52242–1101.

Instrument: Electron Microscope, Model Jeol JEM–1230.

Manufacturer: JEOL Ltd., Japan. Intended Use: The instrument is intended to be used to obtain and record images from structural and chemical samples provided by investigators throughout the University. Nine fulltime staff provide training, process specimens and conduct microscopy evaluation and analysis for or in assistance to 200 faculty research labs. Studies will be primarily biomedical, but will include geosciences and environmental engineering. It will also be used to train both undergraduate and graduate students in the application of various microscopy methodologies.

Application accepted by Commissioner of Customs: December 10, 2004.

Docket Number: 04–025. Applicant: Oak Ridge National Laboratory c/o UT-Battelle, LLC, PO Box 2008, 1 Bethel Valley Road, Oak Ridge, TN. 37831.

Instrument: Aberration-Corrected Field Emission Electron Microscope, Model JEM–2200FS.

Manufacturer: JEOL Ltd., Japan. Intended Use: The instrument is intended to be used to study materials including experimental catalysts for automotive emission reduction, novel nanophase materials for high technology applications (including carbon nanotubes, self-assembled nanoparticles, and the like) and a variety of semiconductor materials for electronic and automotive applications. The primary objective in all investigations will be to obtain images at sub-angstrom resolution in order to image specimen features at the atomic level.

Application accepted by Commissioner of Customs: December 16, 2004.

Applicant: Virginia Commonwealth University, Department of Anatomy and Neurobiology, 1101 E. Marshall Street, Room 12–050, Box 980709, Richmond, VA 23298.

Instrument: Transmission Electron Microscope, Model JEM–1230.

Manufacturer: JEOL, Ltd., Japan. Intended Use: The instrument will be used to examine, analyze and reconstruct images of brain tissue derived from experimental animals subject to traumatic brain injury, various forms of epileptic seizure and various neurodegenerative disorders. Experiments with various antibodies will be used to determine various forms of neuronal cell injury and repair with computer-assisted reconstruction used to analyze related organelle and cytoskeletal change within neuronal somata and their dendritic and axonal processes.

Application accepted by Commissioner of Customs: November 18, 2004.

DEPARTMENT OF COMMERCE

International Trade Administration [C-533-839]

Notice of Countervailing Duty Order: Carbazole Violet Pigment 23 From India

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: December 29, 2004. **FOR FURTHER INFORMATION CONTACT:**

Sean Carey or Addilyn Chams-Eddine, AD/CVD Operations, Office 6, Import Administration, U.S. Department of Commerce, Room 7866, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482–3964 and (202) 482–0648 respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise covered by this investigation is Carbazole Violet Pigment 23 (CVP–23) identified as Color Index No. 51319 and Chemical Abstract No. 6358–30–1, with the chemical name of diindolo [3,2-b:3',2'-m] triphenodioxazine, 8,18-dichloro-5,15-diethy-5,15-dihydro-, and molecular formula of $C_{34}H_{22}Cl_2N_4O_2$. The subject

merchandise includes the crude pigment in any form (e.g., dry powder, paste, wet cake) and finished pigment in the form of presscake and dry color. Pigment dispersions in any form (e.g., pigments dispersed in oleoresins, flammable solvents, water) are not included within the scope of the investigation.

Countervailing Duty Order

In accordance with section 705(d) of the Tariff Act of 1930, as amended (the Act), on November 17, 2004, the Department published its final determination in the countervailing duty investigation of CVP-23 from India. See Final Affirmative Countervailing Duty Determination: Carbazole Violet Pigment 23 From India, 69 FR 67321 (November 17, 2004). On December 22, 2004, the United States International Trade Commission (USITC) notified the Department of its final determination, pursuant to section 705(b)(1)(A)(i) of the Act, that an industry in the United States suffered material injury as a result of subsidized imports of CVP-23 from India.

Therefore, countervailing duties will be assessed on all unliquidated entries of CVP-23 from India entered, or withdrawn from warehouse, for consumption on or after April 27, 2004, the date on which the Department published its preliminary affirmative countervailing duty determination in the **Federal Register**, and before August 26, 2004, the date the Department instructed the U.S. Customs and Border Protection (CBP) to discontinue the suspension of liquidation in accordance with section 703(d) of the Act, and on all entries of subject merchandise made on or after the date of publication of the USITC's final injury determination in the Federal Register. Section 703(d) of the Act states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for more than four months. Entries of CVP-23 made on or after August 26, 2004, and prior to the date of publication of the USITC's final injury determination in the Federal Register are not liable for the assessment of countervailing duties due to the Department's discontinuation, effective August 26, 2004, of the suspension of liquidation.

In accordance with section 706 of the Act, the Department will direct the CBP to reinstitute the suspension of liquidation for CVP–23 from India effective the date of the publication of USITC's final injury determination in the **Federal Register** and to assess, upon further advice by the Department

¹ The bracketed section of the product description, [3,2-b:3',2'-m], is not business proprietary information. In this case, the brackets are simply part of the chemical nomenclature. See December 4, 2003, amendment to petition (supplemental petition) at 8.
