

administrative review for all shipments of stainless steel sheet and strip in coils from Germany entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Tariff Act of 1930, as amended (the Tariff Act): (1) the cash deposit rate for the reviewed company will be the rate shown above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 13.48 percent. This rate is the "All Others" rate from the amended final determination in the LTFV investigation of stainless steel sheet and strip in coils from Germany. *See Stainless Steel Sheet and Strip in Coils From Germany: Amended Final Determination of Antidumping Duty Investigation*, 67 FR 15178, 15179 (March 29, 2002).

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

Reimbursement

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Tariff Act.

Dated: December 6, 2006.

Notice of Final Results of Antidumping Duty Administrative Review: Steel Concrete Reinforcing Bars from Latvia

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On August 8, 2006, the Department of Commerce (the Department) published the preliminary results of its fourth administrative review of the antidumping duty order on steel concrete reinforcing bars (rebar) from Latvia. The review covers one producer of the subject merchandise. The period of review (POR) is September 1, 2004, through August 31, 2005. Based on our analysis of comments received, these final results differ from the preliminary results. The final results are listed below in the *Final Results of Review* section.

EFFECTIVE DATE: December 13, 2006.

FOR FURTHER INFORMATION CONTACT: Saliha Loucif at (202) 482-1779 or Julie Santoboni at (202) 482-4194; AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On August 8, 2006, the Department published in the **Federal Register** the preliminary results of the fourth administrative review of the antidumping duty order on rebar from Latvia. *See Notice of Preliminary Results of Antidumping Duty Administrative Review: Steel Concrete Reinforcing Bars from Latvia*, 71 FR 45031 (August 8, 2006) (*Preliminary Results*). We invited parties to comment on the *Preliminary Results*. On September 7, 2006, we received case briefs from the sole respondent, Joint Stock Company Liepajas Metalurgs (LM), and from the petitioners, the Rebar Trade Action Coalition (RTAC) and its individual members.¹ No interested party requested a hearing during this review.

Scope of the Order

The product covered by this order is all steel concrete reinforcing bars sold in straight lengths, currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under item numbers 7214.20.00, 7228.30.8050, 7222.11.0050, 7222.30.0000, 7228.60.6000, 7228.20.1000, or any other tariff item number. Specifically excluded are plain rounds (i.e., non-deformed or smooth bars) and rebar that has been further processed through bending or coating. HTSUS subheadings are provided for convenience and customs purposes. The written description of the scope of the order is dispositive.

Analysis of Comments Received

The issues raised in the briefs by parties to this administrative review are addressed in the *Issues and Decision Memorandum* to David M. Spooner, Assistant Secretary for Import Administration, from Stephen J. Claeys, Deputy Assistant Secretary (*Decision Memorandum*), dated December 6, 2006, which is hereby adopted by this notice. A list of the issues addressed in the *Decision Memorandum* is appended to this notice. The *Decision Memorandum* is on file in Room B-099 of the main Department building, and can also be accessed directly on the Web at <http://ia.ita.doc.gov/frn/index.html>. The paper copy and electronic version of the *Decision Memorandum* are identical in content.

¹ Commercial Metals Company, Gerdau Ameristeel Corporation, and Nucor Corporation are the members of RTAC.

Changes Since the Preliminary Results

Based on our analysis of comments received, we adjusted the calculation methodology used in the *Preliminary Results*. First, we calculated general and administrative expenses (G&A) and interest expenses based on LM's financial statements for the Fiscal Year 2005, which is the time period that most closely corresponds to the POR. Second, we moved expenses for LM's football and hockey clubs from G&A expenses to indirect selling expenses because these clubs provide indirect advertising benefits to the company. Finally, we adjusted the calculation of the variable cost of manufacturing in the margin calculation program to account for a clerical error. These adjustments are discussed in detail in the *Decision Memorandum*.

Final Results of Review

As a result of our review, we determine that the following weighted-average margin exists for the period of September 1, 2004, through August 31, 2005:

| Producer | Weighted-Average Margin (Percentage) |
|--|--------------------------------------|
| Joint Stock Company Liepajas Metalurgs | 5.94 |

Assessment

The Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, pursuant to 19 CFR 351.212(b). The Department calculated importer-specific duty assessment rates on the basis of the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the examined sales for that importer. Where the assessment rate is above *de minimis*, we will instruct CBP to assess duties on all entries of subject merchandise by that importer. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003 (68 FR 23954). This clarification will apply to entries of subject merchandise during the POR produced by companies included in these preliminary results of review for which the reviewed companies did not know their merchandise was destined for the United States. In such instances, the Department will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of

this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Cash Deposits

Furthermore, the following deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of rebar from Latvia entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided by section 751(a) of the Tariff Act of 1930, as amended (the Act): (1) For LM, the cash deposit rate will be 5.94 percent; (2) for merchandise exported by producers or exporters not covered in this review but covered in a previous segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the most recent final results in which that producer or exporter participated; (3) if the exporter is not a firm covered in this review or in any previous segment of this proceeding, but the producer is, the cash deposit rate will be that established for the producer of the merchandise in these final results of review or in the most recent final results in which that producer participated; and (4) if neither the exporter nor the producer is a firm covered in this review or in any previous segment of this proceeding, the cash deposit rate will be 17.21 percent, the "All Others" rate established in the less-than-fair-value investigation. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred, and in the subsequent assessment of double antidumping duties.

This notice also is the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results and notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: December 6, 2006.

David M. Spooner,
Assistant Secretary for Import Administration.
