Further, the Commission also believes that granting the Exchanges an exemption from the rule filing requirements under Section 19(b) of the Exchange Act will promote efficient use of the Commission's and the Exchanges' resources by avoiding duplicative rule filings based on simultaneous changes to identical rule text sought by more than one SRO.<sup>14</sup> The Commission therefore finds it appropriate in the public interest and consistent with the protection of investors to exempt the Exchanges from the rule filing requirements under Section 19(b) of the Exchange Act with respect to the above-described rules they incorporate by reference. This exemption is conditioned upon the Exchanges promptly providing written notice to their members whenever FINRA changes a rule that the Exchanges have incorporated by reference.

Accordingly, *it is ordered*, pursuant to Section 36 of the Exchange Act,<sup>15</sup> that the Exchanges are exempt from the rule filing requirements of Section 19(b) of the Exchange Act solely with respect to changes to the rules identified in their request that incorporate by reference certain FINRA rules that are the result of changes to such FINRA rules, provided that the Exchanges promptly provide written notice to their members whenever FINRA proposes to change a rule that the Exchanges have incorporated by reference.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>16</sup>

**SUPPLEMENTARY INFORMATION:** Section 853(c) of the National Defense Authorization Act for Fiscal Year 2019 (NDAA 2019), Public Law 115-232 (8/13/2018) requires the SBA to study the level of participation by intermediaries that are eligible to participate in the Agency's Microloan Program. To that end SBA plans to conduct a survey of this group of intermediaries to determine the reasons why some of them do not participate in the program. The survey will explore ways to encourage increased participation in the microloan program, and also decrease the costs associated with participation. Generally, the survey will look at the operations of the intermediaries, including structure, size, area of operations, and the nature of the services that they provide.

Intermediaries that are eligible for the program but do not currently participate will be asked to identify some of the factors that contribute to their non-participation in the program. The survey will also explore what factors could make the program more appealing to intermediaries and lead them to participate. The complete list of questions is available upon request from SBA.

Finally, as required by the NDAA 2019, the results of the study will be reported to the Committee on Small Business and Entrepreneurship of the Senate, and the Committee on Small Business of the House of Representatives.
