

commercial sector overage in the prior fishing year.

(ii) *Recreational sector.* (A) If the sum of the commercial and recreational landings, as estimated by the SRD, exceeds the stock ACL, as specified in paragraph (c)(6)(iii) of this section, the AA will file a notification with the Office of the Federal Register, at or near the beginning of the following fishing year to reduce the length of the following recreational fishing season by the amount necessary to ensure recreational landings may achieve the recreational ACT, but do not exceed the recreational ACL in the following fishing year. Further, during that following year, if necessary, the AA may file additional notification with the Office of the Federal Register to readjust the reduced fishing season to ensure recreational harvest achieves but does not exceed the intended harvest level. The recreational ACT is 1,184,688 lb (537,365 kg). The recreational ACL is 1,445,687 (655,753 kg).

(B) In addition to the measures specified in paragraph (c)(6)(ii)(A), if the sum of the commercial and recreational landings, as estimated by the SRD, exceeds the stock ACL, as specified in paragraph (c)(6)(iii) of this section, and Atlantic migratory group cobia are overfished, based on the most recent status of U.S. Fisheries Report to Congress, the AA will file a notification with the Office of the Federal Register, at or near the beginning of the following fishing year to reduce the recreational ACL and ACT for that following year by the amount of any recreational sector overage in the prior fishing year.

(C) Recreational landings will be evaluated relative to the ACL based on a moving multi-year average of landings, as described in the FMP.

(iii) The stock ACL for Atlantic migratory group cobia is 1,571,399 lb (712,775 kg).

RIN 0648-BB29

Atlantic Highly Migratory Species; Atlantic Shark Management Measures; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Stock status determinations; Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS); request for comments; correction.

SUMMARY: This document corrects an October 7, 2011, notice that announced the stock status of several Atlantic shark stocks and announced NMFS' intent to amend the 2006 Consolidated Highly Migratory Species (HMS) Fishery Management Plan (FMP) via the rulemaking process to rebuild these shark stocks and end overfishing, as necessary. The notice provided an incorrect date for a scoping meeting held in Galloway, NJ. This document provides the correct date. The address and time for the scoping meeting remain the same. Although the meeting already occurred, it is important that the date be accurate for HMS' records.

DATES: The correct date for the Galloway, NJ, scoping meeting is Tuesday, October 11, 2011.

ADDRESSES: The scoping meeting was held at the Dolce Seaview Resort at 401 South New York Road, Galloway, New Jersey 08205.

FOR FURTHER INFORMATION CONTACT: Karyl Brewster-Geisz or Peter Cooper at (301) 427-8503, or Jackie Wilson at (240) 338-3936.

SUPPLEMENTARY INFORMATION:

Background

NMFS announced the stock status of sandbar, dusky, and Atlantic and Gulf of Mexico blacknose shark stocks in a **Federal Register** notice on October 7, 2011 (76 FR 62331). The notice also announced NMFS' intent to undertake rulemaking to rebuild and/or end overfishing of these Atlantic shark stocks and to prepare an Environmental Impact Statement (EIS) to assess the potential effects on the human and natural environment resulting from this rulemaking. The notice also announced that NMFS is in the scoping phase of the rulemaking process and notified the public of five public scoping meetings and one conference call to provide the opportunity for public comment on potential shark management measures. Further details regarding the public scoping meetings are provided in the October 7, 2011, notice and are not repeated here.

Need for Correction

In the original **Federal Register** notice, the date for the Galloway, NJ, public scoping meeting contains an error and is in need of correction.

Correction

Accordingly, in the October 7, 2011 (76 FR 62331) notice (Doc. 2011-

26021)—on page 62334, in Table 2, column 1, row 1—the date “October 12, 2011” is corrected to read as follows: “October 11, 2011.”

Dated: October 19, 2011.

Emily H. Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

RIN 0648-BA55

Fisheries Off West Coast States; West Coast Salmon Fisheries; Amendment 16 to the Salmon Fishery Management Plan

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments; notice of availability of a draft environmental assessment.

SUMMARY: NMFS proposes regulations to implement Amendment 16 to the Pacific Coast Salmon Fishery Management Plan for Commercial and Recreational Salmon Fisheries off the Coasts of Washington, Oregon, and California (Salmon FMP). Amendment 16, which was transmitted by the Pacific Fishery Management Council (Council) on September 12, 2011, to the Secretary of Commerce (Secretary) for review and approval, brings the Salmon FMP into compliance with the Magnuson-Stevens Fishery Conservation and Management Act (MSA) as reauthorized in 2006, and the corresponding revised National Standard 1 Guidelines (NS1Gs) to end and prevent overfishing. This document also announces the availability for public review and comment of a draft environmental assessment (EA) analyzing the environmental impacts of implementing Amendment 16.

DATES: Written comments on this proposed rule must be received on or before November 18, 2011.

ADDRESSES: You may submit comments, identified by NOAA-NMFS-2011-0227, by any one of the following methods:

- **Electronic Submissions:** Submit all electronic public comments via the Federal e-Rulemaking Portal <http://www.regulations.gov>. To submit
