SUPPLEMENTARY INFORMATION: The ETA needs prevailing wage rate information in order to determine the appropriate minimum wage an agricultural

employer utilizing the H-2A program, allowing temporary employment of alien agricultural and logging workers in the United States, must pay to foreign and domestic farmworkers. State Workforce Agencies are charged with collecting the data from agricultural employers and submitting reports to the ETA. The wage rates cover crop and livestock as well as logging activities. Domestic migrant and local seasonal as well as foreign H-2A farmworkers are hired for these jobs.

This ICR has been classified as a revision, because the Agency seeks OMB approval to streamline the information collection process by removing outdated questions on Forms ETA-232 and ETA-232A. In addition, the Agency seeks approval to move the instructions on how to respond and calculate a prevailing wage determination from ETA Handbook 385 into the instructions for the forms to make them easier to find. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 30, 2013 (78 FR 32460).
