FOR FURTHER INFORMATION CONTACT: Lt. Col. Milo W. Hyde, III, U.S. Air Force, (703) 571-0081 (Voice), (703) 697-1860 (Facsimile), milo.w.hyde2.mil@mail.mil (Email). Mailing address is Defense Science Board, 3140 Defense Pentagon, Room 3B888A, Washington, DC 20301-3140. Website: <http://www.acq.osd.mil/dsb/>. The most up-to-date changes to the meeting agenda can be found on the website.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of the Federal Advisory

Committee Act (FACA) (Title 5 United States Code (U.S.C), Appendix), the Government in the Sunshine Act (Title 5 U.S.C., Section 552b), and Title 41 Code of Federal Regulations (CFR), Sections 102-3.140 and 102-3.150.

Purpose of the Meeting: The mission of the DSB is to provide independent advice and recommendations on matters relating to the DoD's scientific and technical enterprise. The objective of the meeting is to obtain, review, and evaluate classified information related to the DSB's mission. DSB membership will meet to discuss the 2019 DSB Summer Study on the Future of U.S. Military Superiority ("the DSB Summer Study").

Agenda: The DSB Summer Study meeting will begin on March 20, 2019 at 8:00 a.m. with opening remarks by Lt. Col. Milo Hyde, the Designated Federal Officer, and Dr. Craig Fields, DSB Chairman. Next, the DSB members will meet in small groups to discuss classified ways in which the DoD can secure U.S. interests, manage escalation, and deter and counter adversary aggression, given a renewed great power competition. Finally, the members of the study will meet in a plenary session to discuss classified ways in which the DoD can secure U.S. interests, manage escalation, and deter and counter adversary aggression, given a renewed great power competition. The meeting will adjourn at 5:00 p.m. On March 21, 2019, the members of the study will meet in small groups beginning at 8:00 a.m. to discuss classified ways in which the DoD can secure U.S. interests, manage escalation, and deter and counter adversary aggression, given a renewed great power competition. Next, the members of the study will meet in a plenary session to discuss classified ways in which the DoD can secure U.S. interests, manage escalation, and deter and counter adversary aggression, given a renewed great power competition. The meeting will adjourn at 3:00 p.m.

Meeting Accessibility: In accordance with section 10(d) of the FACA and Title 41 CFR, Section 102-3.155, the DoD has determined that the DSB meeting will be closed to the public. Specifically, the Under Secretary of Defense (Research and Engineering), in consultation with the DoD Office of General Counsel, has determined in writing that the meeting will be closed to the public because it will consider matters covered by Title 5 U.S.C., Section 552b(c)(1). The determination is based on the consideration that it is expected that discussions throughout will involve classified matters of national security concern. Such classified material is so intertwined

with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of the overall meetings. To permit the meeting to be open to the public would preclude discussion of such matters and would greatly diminish the ultimate utility of the DSB's findings and recommendations to the Secretary of Defense and to the Under Secretary of Defense (Research and Engineering).

Written Statements: In accordance with section 10(a)(3) of the FACA and Title 41 CFR, Sections 102-3.105(j) and 102-3.140, interested persons may submit a written statement for consideration by the DSB at any time regarding its mission or in response to the stated agenda of a planned meeting. Individuals submitting a written statement must submit their statement to the DSB DFO provided above at any point; however, if a written statement is not received at least three calendar days prior to the meeting, which is the subject of this notice, then it may not be provided to or considered by the DSB until a later date.

Dated: February 14, 2019.

Shelly E. Finke,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF THE DEFENSE

Department of the Army, Corps of Engineers

Withdrawal of the Notice of Intent To Prepare an Environmental Impact Statement for the New Jersey Back Bay Coastal Storm Risk Management Feasibility Study

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of Intent; withdrawal.

SUMMARY: The U.S. Army Corps of Engineers, Philadelphia District, Planning Division is notifying interested parties that it has withdrawn the Notice of Intent (NOI) to develop an EIS for the proposed New Jersey Back Bay (NJBB) Coastal Storm Risk Management (CSRM) Feasibility Study. The original NOI to Prepare an EIS was published in the **Federal Register** on Wednesday, December 27, 2017.

ADDRESSES: U.S. Army Corps of Engineers, Philadelphia District, Environmental Resources Branch, (CENAP-PL-E), 100 Penn Square East, Wanamaker Building, Philadelphia, PA 19107-3390.

FOR FURTHER INFORMATION CONTACT:

Questions regarding the withdrawal of this NOI should be addressed to Mr. Steven D. Allen, 215-656-6559, or Steven.D.Allen@usace.army.mil.

SUPPLEMENTARY INFORMATION: On March 20, 2018, the Office of Management and Budget (OMB) and the Council on Environmental Quality (CEQ) issued an OMB/CEQ Memorandum for Heads of Federal Departments and Agencies titled "One Federal Decision Framework for the Environmental Review and Authorization Process for Major Infrastructure Projects under Executive Order [E.O.] 13807." Additionally, twelve federal agencies, including Department of the Army, signed a Memorandum of Understanding (MOU) as an appendix to the OMB/CEQ Memorandum. The MOU is titled "Memorandum of Understanding Implementing One Federal Decision Under Executive Order 13807" and was effective on April 10, 2018. E.O. 13807 sets a goal for agencies by reducing the time for completing environmental reviews and authorization decisions to an agency average of not more than two years from publication of a NOI to prepare an EIS.

Subsequent to the publication of the NOI, the NJBB CSRM Feasibility Study was granted an exemption from the requirement to complete the feasibility study within 3 years, as required in Section 1001(a) of the Water Resources Reform and Development Act of 2014. This exemption was granted on October 31, 2018 on an interim basis, and allows for an additional 17 months to complete the Agency Decision Milestone. Therefore, in order to align the revised study schedule with E.O. 13807, it is necessary to withdraw the existing NOI to develop and re-scope a NEPA coordination/review schedule with the appropriate Federal and state resource agencies that have statutory jurisdiction over the review process for any action being contemplated in the course of the feasibility study and development of an environmental impact statement. Public, agency and stakeholder comments and feedback will continue to be accepted during the re-scoping of the NEPA review schedule.

Dated: February 5, 2019.

Peter R. Blum,

Chief, Planning Division, U.S. Army Corps of Engineers, Philadelphia District.
