DEPARTMENT OF COMMERCE**Submission for OMB Review; Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Alaska Pacific Halibut Fisheries: Special Subsistence Permits and Harvest Logs.

OMB Control Number: 0648-0512.

Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 33.

Average Hours per Response: Applications, 10 minutes; logs, 30 minutes; appeals, 4 hours.

Burden Hours: 17.

Needs and Uses: This information collection concerns special permits issued to participants in the Pacific halibut subsistence fishery in waters off the coast of Alaska and any appeals resulting from denials. The National Marine Fisheries Service (NMFS) designed the permits to work in conjunction with other halibut harvest assessment measures. Subsistence fishing for halibut has occurred for many years among the Alaska Native people and non-Native people. Special permits in this collection are initiated in response to the concerns of Native and community groups regarding increased restrictions in International Pacific Halibut Commission Area 2C and include Community Harvest Permits, Ceremonial Permits, and Educational Permits.

A Community Harvest Permit allows the community or Alaska Native tribe to appoint one or more individuals from its respective community or tribe to harvest subsistence halibut from a single vessel under reduced gear and harvest restrictions. Ceremonial and Educational Permits are available exclusively to Alaska Native tribes. Eligible Alaska Native tribes may appoint only one Ceremonial Permit Coordinator per tribe for Ceremonial Permits or one authorized Instructor per tribe for Educational Permits.

Except for enrolled students fishing under a valid Educational Permit, special permits require persons fishing under them to also possess a Subsistence Halibut Registration Certificate (SHARC) (see OMB Control No. 0648-0460) which identifies those

persons who are currently eligible for subsistence halibut fishing. Each of the instruments is designed to minimize the reporting burden on subsistence halibut fishermen while retrieving essential information.

Affected Public: Individuals or households.

Frequency: Annually and on occasion.
Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Dated: May 16, 2011.
