Agricultural Marketing Service

Title: 7 CFR part 54—Meats, Prepared Meats, and Meat Products (Grading, Certification, and Standards) and 7 CFR part 62 Quality Systems Verification Programs (QSVP).

OMB Control Number: 0581–0124.

Summary of Collection: The Agricultural Marketing Act of 1946, as amended, authorizes the Secretary of Agriculture to provide consumers with voluntary Federal meat grading and certification services that facilitate the marketing of meat and meat products. This is accomplished by providing meat and meat products that are uniform in quality. The Meat Grading and Certification (MGC) Branch provides these services under the authority of 7 CFR part 54—Meats, Prepared Meats, and Meat Products (Grading, Certification, and Standards). The Agricultural Marketing Service (AMS) will collect information using forms LS–313 and LS–315.

The Quality Systems Verification Programs are a collection of voluntary, audit-based, user-fee programs that allow applicants to have program documentation and program processes assessed by AMS auditors and other USDA officials. The QSVP are user-fees based on the approved hourly rate established under 7 CFR, part 62.

Need and Use of the Information: The information AMS collects on LS–313, “Application for Service,” and LS–315, “Application for Commitment Grading or Certification Service” will enable the Agency to identify the responsible authorities in establishments requesting services and to initiate billing and collection accounts. A signed LS–313 or LS–315 form serves as a legal agreement between USDA users of the services, assures payment for services provided, and constitutes authorization for any employee of AMS to enter the establishment for the purpose of performing official functions under the regulations. Without a properly signed and approved form, AMS officials would not have the authority to enter the premises to provide grading and/or certification services.

Description of Respondents: Business or other for-profit; Farms.

Number of Respondents: 83.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 1,330.

Agricultural Marketing Service

Title: Child Nutrition Labeling Program.

OMB Control Number: 0581–0261.
Summary of Collection: The Child Nutrition Labeling Program is a voluntary technical assistance program administered by the Agricultural Marketing Service (AMS). The program is designed to aid schools and institutions participating in the National School Lunch Program, the School Breakfast Program, the Child and Adult Care Food Program, and the Summer Food Service Program by, determining the contribution a commercial product makes towards the meal pattern requirements. Legislative authority for the programs is covered under The National School Lunch Act (NSLA); Public Law 90–302 enacted in 1968 amended the NSLA establishing the Special Food Service Program for Children. In 1975 Congress separated the Child Care Food Program and Summer Food Service components of the SFAPFC and provided each with legislative authorization.

The Child Nutrition Labeling Program is implemented in conjunction with existing label approval programs administered by the Food Safety and Inspection Service (FSIS), and the U.S. Department of Commerce (DoC). To participate in the CN Labeling Program, industry submits labels to AMS of products that are in conformance with the FSIS label approval program (for meat and poultry), and the DoC label approval program (for seafood products).

Need and Use of the Information: AMS uses the information collected to aid school food authorities and other institutions participating in child nutrition programs in determining the contribution a commercial product makes towards the established meal pattern requirements. AMS uses all of the collected information to give the submitted label an approval status that indicates if the label can be used as part of the CN Labeling Program. Without the information CN Labeling Program would have no basis on which to determine how or if a product meets the meal pattern requirements.

Description of Respondents: Business or other for-profit.

Number of Respondents: 110.

Frequency of Responses: Reporting: Other (as needed).

Total Burden Hours: 633.
