

changed the licenses and the technical specifications.

Date of initial notice in Federal Register: July 17, 2007 (72 FR 39084).

The supplements dated November 14, 2007, January 10 and April 11, 2008, provided additional information that clarified the application, did not expand the scope of the application as originally noticed, and did not change the staff's original proposed no significant hazards consideration determination.

The Commission's related evaluation of the amendments is contained in a Safety Evaluation dated June 17, 2008.

No significant hazards consideration comments received: No.

Dated at Rockville, Maryland, this 18th day of June, 2008.

For the Nuclear Regulatory Commission.

Timothy J. McGinty,

Acting Director, Division of Operating Reactor Licensing, Office of Nuclear Reactor Regulation.

NUCLEAR REGULATORY COMMISSION

Governors' Designees Receiving Advance Notification of Transportation of Nuclear Waste

On January 6, 1982 (47 FR 596 and 47 FR 600), the U.S. Nuclear Regulatory Commission (NRC) published in the **Federal Register** final amendments to 10 CFR Parts 71 and 73 (effective July 6, 1982), that require advance notification to Governors or their designees by NRC licensees prior to transportation of certain shipments of nuclear waste and spent fuel. The advance notification covered in Part 73 is for spent nuclear reactor fuel shipments and the notification for Part 71 is for large quantity shipments of radioactive waste (and of spent nuclear reactor fuel not covered under the final amendment to 10 CFR Part 73).

The following list updates the names, addresses, and telephone numbers of those individuals in each State who are

responsible for receiving information on nuclear waste shipments. The list will be published annually in the **Federal Register** on or about June 30, to reflect any changes in information. Current State contact information can also be accessed throughout the year at <http://nrc-stp.ornl.gov/special/designee.pdf>.

Questions regarding this matter should be directed to Stephen N. Salomon, Office of Federal and State Materials and Environmental Management Programs, U.S. Nuclear Regulatory Commission, Washington, DC 20555, by e-mail at Stephen.Salomon@nrc.gov or by telephone at 301-415-2368.

Dated at Rockville, Maryland this 25th day of June 2008.

For the U.S. Nuclear Regulatory Commission.

Dennis K. Rathbun,

Director, Division of Intergovernmental Liaison and Rulemaking, Office of Federal and State Materials and Environmental Management Programs.

NUCLEAR REGULATORY COMMISSION

[Docket No. 52-024]

Entergy Operations, Inc. et al.; Notice of Hearing and Opportunity To Petition for Leave To Intervene and Order Imposing Procedures for Access to Sensitive Unclassified Non-Safeguards Information and Safeguards Information for Contention Preparation on a Combined License for the Grand Gulf Unit 3

Pursuant to the Atomic Energy Act of 1954, as amended, and the regulations in Title 10 of the *Code of Federal Regulations* (10 CFR) Part 2, “Rules of Practice for Domestic Licensing Proceedings and Issuance of Orders,” 10 CFR Part 50, “Domestic Licensing of Production and Utilization Facilities,” and 10 CFR Part 52, “Licenses, Certifications, and Approvals for Nuclear Power Plants,” notice is hereby given that a hearing will be held, at a time and place to be set in the future by the U.S. Nuclear Regulatory Commission (NRC, the Commission) or designated by the Atomic Safety and Licensing Board (Board). The hearing will consider the application dated February 27, 2008, filed by Entergy Operations, Inc., on behalf of itself and Entergy Mississippi, Inc., Entergy Louisiana, LLC, Entergy Gulf States Louisiana, LLC, and System Energy Resources, Inc. (SERI), pursuant to Subpart C of 10 CFR Part 52, for a combined license (COL). The application, which was supplemented by letters dated April 9, 2008, and April 11, 2008, requests approval of a COL for Grand Gulf Unit 3, located in Claiborne County, Mississippi. The application was accepted for docketing on April 17, 2008. The docket number established for this is 52-024. The Grand Gulf Unit 3 COL application references the Early Site Permit (ESP-002) granted to SERI for the Grand Gulf ESP site, which was issued on April 5, 2007, and the application for certification of the economic simplified boiling water reactor (ESBWR) design, which was initially submitted on August 24, 2005.

The hearing will be conducted by a Board that will be designated by the Chairman of the Atomic Safety and Licensing Board Panel or will be conducted by the Commission. Notice as to the membership of the Board will be published in the **Federal Register** at a later date. The NRC staff will complete a detailed technical review of the application and will document its findings in a safety evaluation report. The Commission will refer a copy of the application to the Advisory Committee on Reactor Safeguards (ACRS) in accordance with 10 CFR 52.87, “Referral to the ACRS,” and the ACRS will report on those portions of the application that concern safety.

Any person whose interest may be affected by this proceeding and desires to participate as a party to this proceeding must file a written petition for leave to intervene in accordance with 10 CFR 2.309. Those permitted to intervene become parties to the proceeding, subject to any limitations in the order granting leave to intervene, and have the opportunity to participate fully in the conduct of the hearing.

A petition for leave to intervene must be filed no later than 60 days from the date of publication of this notice in the **Federal Register**. Non-timely filings will not be entertained absent a determination by the Commission or presiding officer designated to rule on the petition, pursuant to the requirements of 10 CFR 2.309(c)(1)(i)–(viii).

Those permitted to intervene become parties to the proceeding, subject to any limitations in the order granting leave to intervene, and have the opportunity to participate fully in the conduct of the hearing. A petition for leave to intervene must be filed in accordance with the NRC E-Filing rule, which was promulgated by the NRC on August 28, 2007 (72 FR 49139).

The E-Filing process requires participants to submit and serve documents over the Internet or in some cases to mail copies on electronic storage media. Participants may not submit paper copies of their filings unless they seek a waiver in accordance with the procedures described below.

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the

petitioner must contact the Office of the Secretary by e-mail at HearingDocket@nrc.gov, or by calling (301) 415-1677, to request (1) a digital ID certificate, which allows the participant (or its counsel or representative) to digitally sign documents and access the E-Submittal server for any proceeding in which it is participating; and/or (2) creation of an electronic docket for the proceeding (even in instances in which the petitioner (or its counsel or representative) already holds an NRC-issued digital ID certificate). Each participant will need to download the Workplace Forms Viewer™ to access the Electronic Information Exchange (EIE), a component of the E-Filing system. The Workplace Forms Viewer™ is free and is available at <http://www.nrc.gov/site-help/e-submittals/install-viewer.html>. Information about applying for a digital ID certificate is available on NRC’s public Web site at <http://www.nrc.gov/site-help/e-submittals/apply-certificates.html>.

Once a participant has obtained a digital ID certificate, had a docket created, and downloaded the EIE viewer, it can then submit a petition for leave to intervene. Submissions should be in Portable Document Format (PDF) in accordance with NRC guidance available on the NRC public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. A filing is considered complete at the time the filer submits its documents through EIE. To be timely, an electronic filing must be submitted to the EIE system no later than 11:59 p.m. Eastern Standard Time on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an e-mail notice confirming receipt of the document. The EIE system also distributes an e-mail notice that provides access to the document to the NRC Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the documents on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before a petition to intervene
