

a fair and orderly market and the protection of investors and is in the public interest. The Exchange believes that the exemption does not impose an undue burden on competition as the Exchange's Chief Executive Officer or President (or senior-level designee) would apply the exemption consistent with the guidance within Options 6, Section 5(f). Additionally, as discussed above, the proposed rule change is similar to Cboe Rule 6.7. The Exchange believes having similar rules related to transfer positions to those of other options exchanges will reduce the administrative burden on market participants of determining whether their transfers comply with multiple sets of rules.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act²⁹ and subparagraph (f)(6) of Rule 19b-4 thereunder.³⁰

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative for 30 days from the date of filing. However, Rule 19b-4(f)(6)(iii)³¹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay. The Commission notes that waiver of the operative delay would provide members with the ability to request a transfer, for

limited, non-recurring types of transfers, without the need for exposing those orders on the Exchange, similar to Cboe.³² The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission waives the 30-day operative delay and designates the proposed rule change operative upon filing.³³

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

comment in the **Federal Register** on October 23, 2019.³

On December 5, 2019, pursuant to Section 19(b)(2) of the Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁵ On January 17, 2020, the Commission instituted proceedings under Section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposed rule change.⁷ The Commission has received no comment letters on the proposal.

Section 19(b)(2) of the Act⁸ provides that, after initiating disapproval proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The date of publication of notice of filing of the proposed rule change was October 23, 2019. April 20, 2020, is 180 days from that date, and June 19, 2020, is 240 days from that date.

The Commission finds it appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider this proposed rule change. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,⁹ designates June 19, 2020, as the date by which the Commission shall either approve or disapprove the proposed rule change (File No. SR-NYSE-2019-54).

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-88683; File No. SR-ISE-2020-18]

Self-Regulatory Organizations; Nasdaq ISE, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend a Pilot on the Nasdaq 100 Reduced Value Index

April 17, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 16, 2020, Nasdaq ISE, LLC (“ISE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to a proposed rule to extend the pilot to permit the listing and trading of options based on 1/5 the value of the Nasdaq-100 Index (“Nasdaq-100”) currently set to expire on May 4, 2020.

The text of the proposed rule change is available on the Exchange’s website at <http://ise.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set

forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

ISE filed a proposed rule change to permit the listing and trading of index options on the Nasdaq 100 Reduced Value Index (“NQX”) on a twelve month pilot basis.³

NQX options trade independently of and in addition to NDX options, and the NQX options are subject to the same rules that presently govern the trading of index options based on the Nasdaq-100, including sales practice rules, margin requirements, trading rules, and position and exercise limits. Similar to NDX, NQX options are European-style and cash-settled, and have a contract multiplier of 100. The contract specifications for NQX options mirror in all respects those of the NDX options contract listed on the Exchange, except that NQX options are based on 1/5 of the value of the Nasdaq-100, and are P.M.-settled pursuant to Options 4A, Section 12(a)(6).

The Exchange proposes to amend ISE Options 4A, Section 12(a)(6) to extend the current NQX pilot period to November 2, 2020. This pilot was previously extended with the last extension through May 4, 2020.⁴ The Exchange continues to have sufficient capacity to handle additional quotations and message traffic associated with the proposed listing and trading of NQX options. In addition, index options are integrated into the Exchange’s existing surveillance system architecture and are thus subject to the relevant surveillance processes. The Exchange also continues to have adequate surveillance procedures to monitor trading in NQX options thereby aiding in the maintenance of a fair and orderly market. Additionally, there is continued investor interest in these products and this extension will provide additional time to collect data related to the pilot.

Pilot Report

The Exchange currently makes public on its website the data and analysis previously submitted to the Commission on the Pilot Program and will continue to make public any data or analysis it
