ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 131

[FRL-7416-3]

Withdrawal of Certain Federal Human Health and Aquatic Life Water Quality Criteria Applicable to Vermont, the District of Columbia, Kansas and New Jersey

AGENCY: Environmental Protection Agency.

ACTION: Final rule.

SUMMARY: In 1992, EPA promulgated Federal regulations establishing water quality criteria for toxic pollutants for twelve States and two territories (hereafter "States"), including Vermont, the District of Columbia, Kansas and New Jersey. These States have now adopted, and EPA has approved, human health and aquatic life water quality criteria for many of these pollutants. In today's action, EPA is amending the Federal regulations to withdraw certain human health and aquatic life water quality criteria applicable to these States. EPA published the proposal to this rulemaking in the **Federal Register** on March 26, 2001 and provided an opportunity for public comment on the proposed withdrawal of the criteria, because the States adopted certain criteria less stringent than the promulgated Federal criteria. Seven comments were received, but no

changes were made to the proposed rulemaking and EPA is finalizing the proposed withdrawal.

In addition, New Jersey adopted, and EPA approved, additional water quality criteria no less stringent than the promulgated Federal criteria. EPA is withdrawing these criteria without notice and comment rulemaking because New Jersey's adopted criteria are no less stringent than the promulgated Federal criteria.

DATES: This final rule is effective January 2, 2003.

ADDRESSES: The administrative record for this action in Vermont is available for public inspection at EPA Region 1, Office of Water, 1 Congress Street, Suite 1100, Boston MA 02114-1505 during normal business hours of 9 a.m. to 5 p.m. The administrative record for today's action in the District of Columbia is available at EPA Region 3, Water Protection Division, 1650 Arch Street, Philadelphia PA 19103-2029 during normal business hours of 9 am to 5 pm.
