Continuation of Antidumping Duty Order: Electroluminescent Flat Panel Displays and Display Glass From Japan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Continuation of Antidumping Duty Order: Electroluminescent Flat Panel Displays and Display Glass from Japan.

SUMMARY: On August 2, 1999, the Department of Commerce ("the Department"), pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended ("the Act"), determined that revocation of the antidumping duty order on electroluminescent flat panel displays and display glass ("EL FPD") from Japan is likely to lead to continuation or recurrence of dumping (64 FR 41915). On March 30, 2000, the International Trade Commission ("the Commission"), pursuant to section 751(c) of the Act, determined that revocation of the antidumping duty order on EL FPD from Japan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (65 FR 16962). Therefore, pursuant to 19 CFR 351.218(f)(4), the Department is publishing notice of the continuation of the antidumping duty order on EL FPD from Japan.

EFFECTIVE DATE: April 11, 2000.

FOR FURTHER INFORMATION CONTACT: Martha V. Douthit or Carole A. Showers, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW, Washington, DC 20230; telephone: (202) 482-5050 or (202) 482-3217, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On August 2, 1999, the Department initiated, and the Commission instituted, a sunset review (64 FR 41915 and 64 FR 41951, respectively) of the antidumping duty order on electroluminescent flat panel displays and display glass from Japan pursuant to section 751(c) of the Act. As a result of its review, the Department found that revocation of the antidumping duty order would likely lead to continuation or recurrence of dumping and notified

the Commission of the magnitude of the margin likely to prevail were the order to be revoked (*see Electroluminescent Flat Panel Displays and Display Glass From Japan; Final Results of Antidumping Duty Sunset Review*, 65 FR 11979 (March 7, 2000)).

On March 30, 2000, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on electroluminescent flat panel displays and display glass from Japan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (*see Electroluminescent Flat Panel Displays From Japan*, 65 FR 16962 (March 30, 2000) and USITC Publication 3285, Investigation No. 731-TA-469 (Review) (March 2000)).

Scope

The product covered by this antidumping duty order covers EL FPDs from Japan. EL FPDs are large area, matrix addressed displays, no greater than four inches in depth, with a pixel count of 120,000 or greater, whether complete or incomplete, assembled or unassembled. EL FPDs incorporate a matrix of electrodes that, when activated, apply an electrical current to a solid compound of electroluminescent material (e.g., zinc sulfide) causing it to emit light. Included are monochromatic, limited color, and full color displays used to display text, graphics, and video. EL FPDs, whether or not integrated with additional components, exclusively dedicated to and designed for use in EL FPDs, is defined as processed glass substrates that incorporate patterned row, column, or both types of electrodes and, also, typically incorporate a material that reacts to a change in voltage (e.g., phosphor) and contact pads for interconnecting drive electronics.

All types of FPDs are currently classifiable under subheadings 8543, 8803, 9013, 9014, 9017.90.00, 9018, 9022, 9026, 9027, 9030, 9031, 8471.92.30, 8471.92.40, 8473.10.00, 8473.21.00, 8473.30.40, 8442.40.00, 8466, 8517.90.00, 8528.10.80, 8529.90.00, 8531.20.00, 8531.90.00, and 8541 of the Harmonized Tariff Schedule ("HTS"). Although the HTS subheadings are provided for convenience and customs purposes, our written description of the scope of this proceeding is dispositive.

Determination

As a result of the determinations by the Department and the Commission that revocation of the antidumping duty

order on EL FPDs would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty order on EL FPDs from Japan. The Department will instruct the U.S. Customs Service to continue to collect antidumping duty deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of continuation of this order will be the date of publication in the **Federal Register** of this Notice of Continuation. Pursuant to section 751(c)(2) and 751 (c)(6)(A) of the Act, the Department intends to initiate the next five-year review of this orders not later than March 2005.

Dated: April 5, 2000.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

Industrial Phosphoric Acid From Israel: Notice of Extension of Time Limit for Countervailing Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: April 11, 2000.

SUMMARY: The Department of Commerce (the Department) is extending the time limit for the preliminary results of the administrative review of the countervailing duty order on industrial phosphoric acid from Israel. The review covers the period January 1, 1998 through December 31, 1998.

FOR FURTHER INFORMATION CONTACT: Sean Carey or Jonathan Lyons, AD/CVD Enforcement Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone: (202) 482-3964 or (202) 482-0374, respectively.

Postponement of Preliminary Results of Review

On October 1, 1999, the Department published a notice of initiation of an administrative review of the countervailing duty order on industrial phosphoric acid from Israel, covering

the period January 1, 1998 through December 31, 1998 (64 FR 53318). The preliminary results are currently due no later than May 2, 2000.

Section 751(a)(3)(A) of the Tariff Act, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order/finding for which a review is requested. However, if it is not practicable to complete the preliminary results within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for a preliminary determination to a maximum of 365 days.

We determine that it is not practicable to complete the preliminary results of this review within the original time limit. Therefore, the Department is extending the time limit for completion of the preliminary results to no later than August 30, 2000. See Memorandum from Richard O. Weible to Joseph A. Spetrini, dated April 5, 2000, which is on file in the Central Records Unit, Room B-099 of the main Commerce Building. This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: April 5, 2000.

Joseph A. Spetrini,

Deputy Assistant Secretary Enforcement Group III.

Atlantic Highly Migratory Species (HMS) Fishery Management Plan; Second Errata Sheet

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability.

SUMMARY: NMFS announces the availability of a second errata sheet for the Fishery Management Plan for Atlantic Tunas, Swordfish, and Sharks (HMS FMP) published in April, 1999.

ADDRESSES: Copies of the HMS FMP, both errata sheets, the final rule, and supporting documents can be obtained from Rebecca Lent, Chief, Highly Migratory Species Management Division, Office of Sustainable Fisheries, NMFS, 1315 East-West Highway, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT: Karyl Brewster-Geisz, (301) 713-2347.

SUPPLEMENTARY INFORMATION: In a September 1997 Report to Congress, NMFS identified north Atlantic swordfish, west Atlantic Bluefin tuna, and large coastal sharks as overfished. The HMS FMP, including a final environmental impact statement, was published in April, 1999, to comply with provisions of the Magnuson-Stevens Fishery Conservation and Management Act for fisheries identified as overfished, and the final rule implementing actions included in the HMS FMP and Amendment 1 to the Atlantic Billfish Fishery Management Plan was published on May 28, 1999 (64 FR 29090). Since the publication of the HMS FMP, a number of typographical mistakes and other errors have been noted throughout its three volumes. The first errata sheet was announced on December 14, 1999 (64 FR 69742). The second errata sheet corrects errors that were noted since then.

Dated: April 5, 2000

Gary C. Matlock,

Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

National Oceanic and Atmospheric Administration

[I.D. 033000A]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Council) Highly Migratory Species Plan Development Team (HMSPDPT) will hold a video conference work session.

DATES: The work session will be held on Wednesday, April 26, 2000, from 8:30 a.m. to 4:30 p.m.

ADDRESSES: The video conference will be accessible to the public via viewing stations at the NMFS offices in La Jolla, CA; Long Beach, CA; Portland, OR; and Seattle WA. See **SUPPLEMENTARY INFORMATION** for the addresses.

Council address: Pacific Fishery Management Council, 2130 SW Fifth Avenue, Suite 224, Portland, OR 97201.

FOR FURTHER INFORMATION CONTACT: Dan Waldeck, Pacific Fishery Management Council; 503-326-6352.

SUPPLEMENTARY INFORMATION: The addresses of the locations are:

NMFS, Southwest Fisheries Science Center, Large Conference Room, 8604 La Jolla Shores Drive, La Jolla, CA 92038;

NMFS Southwest Region, Conference Room, 501 W. Ocean Blvd., Long Beach, CA 90802;

NMFS Pacific Conference Room, 525 NE. Oregon, Portland, OR 97232;

NMFS Northwest Region, Regional Directors Conference Room, 7600 Sand Point Way NE., Bldg. 1, Seattle, WA 98115.

The primary purposes of the work session are to: (1) discuss organization and outline of the Fisheries Management Plan (FMP) for Highly Migratory Species (HMS); and (2) for HMSPDPT members to report progress on draft sections of the FMP.

Management measures that may be adopted in the FMP for HMS Fisheries off the West Coast include permit and reporting requirements for commercial and recreational harvest of HMS resources, time and/or area closures to minimize gear conflicts or bycatch, adoption or confirmation of state regulations for HMS fisheries, and allocations of some species to non-commercial use. The FMP is likely to include a framework management process to add future new measures, including the potential for collaborative management efforts with other regional fishery management councils with interests in HMS resources. It would also include essential fish habitat and habitat areas of particular concern, including fishing and non-fishing threats, as well as other components of FMPs required under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act).

The proposed FMP, and its associated regulatory analyses, would be the Council's fourth FMP for the exclusive economic zone off the West Coast. Development of the FMP is timely, considering the new mandates under the Magnuson-Stevens Act, efforts by the United Nations to promote conservation and management of HMS resources through domestic and international programs, and the increased scope of activity of the Inter-American Tropical Tuna Commission in HMS fisheries in the eastern Pacific Ocean.

Although non-emergency issues not contained in the HSMPDPT meeting agenda may come before the HMSPDPT for discussion, those issues may not be
