

under AM auction procedures. Those entities will be permitted to supplement their prior submissions, between July 31, 2000, and August 4, 2000 ("AM Auction Remedial Window"), by filing either the previously omitted FCC Form 175 or the FCC Form 301 Section I and Tech Box of Section III-A.

2. *Background.* On November 19, 1999, a public notice ("January Filing Window Public Notice") was released announcing an AM auction filing window for applications for new AM stations and major modifications to authorized AM facilities. The *January Filing Window Public Notice* required that entities interested in participating in the AM auction electronically file a FCC Form 175 (short-form application) during the January Filing Window and, concurrently, file a FCC Form 301 Section I and the Tech Box from Section III-A, if they had not done so previously. The Bureaus cautioned that the failure of any entity to file all required information on a timely basis would preclude that entity's participation in the AM auction proceeding. Nonetheless, the Commission received ten filings, listed in Attachment A of the *AM Auction Remedial Filing Window Public Notice*, that did not comply with the filing requirements set forth in the *January Filing Window Public Notice*.

3. *AM Auction Remedial Window.* Generally, participation in prior auctions conducted by the Bureaus required the filing of only FCC Form 175. The AM auction ("Auction No. 32") filing window is the first to employ filing procedures which require the concurrent filing of FCC Form 175 and the engineering data contained in FCC Form 301. The Bureaus recognize that potential applicants may have experienced some confusion in the Bureaus' initial use of the two-part procedure. The purpose of the AM Auction Remedial Window is to allow those entities that only filed FCC Form 175 or the required engineering data on FCC Form 301 a short period of time to correct their filings to comply with our rules. We caution that this is a unique opportunity offered by the Bureaus. We do not anticipate offering such an opportunity in future auction proceedings.

4. Only entities identified in Attachment A of the *AM Auction Remedial Filing Window Public Notice* may make corrective submissions during the AM Auction Remedial Window. In order to be eligible to participate in Auction No. 32, those entities must correct their submissions as described below:

- If an entity has a pending FCC Form 301 application (Frozen AM Application) and did not timely file a FCC Form 175 during the January Filing Window, that entity must electronically file a FCC Form 175 by 6:00 p.m. Eastern Standard Time, August 4, 2000. Information regarding the completion and electronic filing of the FCC Form 175 is contained in the *AM Auction Remedial Filing Window Public Notice*.

- If an entity timely filed a FCC Form 175 during the January Filing Window and did not file the required engineering data sections of FCC Form 301, that entity must file FCC Form 301 (May 1999 version) Section I and the Tech Box of Section III-A. These sections of FCC Form 301 must be filed in triplicate with the Secretary of the Commission, 445 12th Street, SW, Washington, DC 20554. The required engineering data sections of the FCC Form 301 are due in hard copy by 7:00 p.m. Eastern Standard Time, August 4, 2000. No filing fee is required. A courtesy copy of any FCC Form 301 submission filed during the AM Auction Remedial Window should also be sent to James R. Crutchfield, Audio Services Division, Room 2-B450, at the above street address. Such entities should specify, in the cover letter accompanying the required FCC Form 301 sections or at the top of the first page of the FCC Form 301 submission, the account number of the associated pending FCC Form 175 as indicated in Attachment A to this public notice. It is not necessary for such entities to include a printed copy of their previous, electronically filed FCC Form 175 will the FCC Form 301 submission.

- If an entity filed the required FCC Form 301 engineering data or a complete FCC Form 301 during the January Filing Window and did not file an associated FCC Form 175, that entity must electronically file a FCC Form 175 by 6:00 p.m. Eastern Standard Time, August 4, 2000. Information regarding the completion and electronic filing of the FCC Form 175 is contained in the *AM Auction Remedial Filing Window Public Notice*.

5. Failure of any entity identified in Attachment A of the *AM Auction Remedial Filing Window Public Notice* to have all required forms and information timely and properly filed by August 4, 2000 will result in the dismissal of any prior submissions relating to the January Filing Window for AM applications.

6. *Electronic Filing Procedures for FCC Form 175.* Only the entities identified in Attachment A of the *AM Auction Remedial Filing Window Public Notice* that are required to complete a

FCC Form 175 will be able to make corrective filings in the AM Auction Remedial Window. Each of these entities will receive via Federal Express an assigned temporary tax identification number (TIN) and password. This assigned temporary TIN and password will be required to access the FCC Form 175 submission software.

7. After the application has been submitted, the applicant will be required to write a letter to the Commission requesting a change to their TIN. The letter should contain the company name, FCC account number, assigned temporary TIN and the company's actual TIN. This letter should contain language authorize the Commission to replace the assigned temporary TIN with the company's actual TIN. This letter requesting a TIN change should be addressed to Any Zoslov, Chief, Auctions and Industry Analysis Division, Wireless Telecommunications Bureau, Federal Communications Commission, 445 12th Street, SW, Washington, DC 20554. A separate copy of the letter should be mailed to Kenneth Burnely, Auctions and Industry Analysis Division, 4-B524, Wireless Telecommunications Bureau, Federal Communications Commission, 445 12th Street, SW, Washington, DC 20554.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

PHS Policy for Instruction in the Responsible Conduct of Research; Availability of New Draft

AGENCY: Office of the Secretary, HHS.

ACTION: Notice of availability.

SUMMARY: The Office of Research Integrity (ORI) in collaboration with the Agency Research Integrity Liaison Officers for each of the PHS Operating Divisions, is announcing the availability for public comment of a new draft PHS Policy for Instruction in the Responsible Conduct of Research for extramural institutions receiving PHS funds for research or research training.

On October 22, 1999, HHS Secretary Donna E. Shalala announced a number of important changes in policy to improve the Department's research integrity efforts including a statement that "through ORI, the Department will require research institutions to provide training in the responsible conduct of research to all staff engaged in research or research training with PHS funds." This decision was based on the Department's commitment to ensure that all PHS supported researchers receive basic instruction in the key elements of responsible research and are familiar with basic regulatory requirements. The decision was also supported by prior recommendations of the Commission on Research Integrity which stated, in part, that HHS

"require that each institution applying for or receiving a grant, contract, or cooperative agreement under the Public Health Service Act for research or research training add to its existing misconduct-in-science assurance a third declaration, one certifying that the institution has an educational program on the responsible conduct of research. Through this mechanism, the current NIH research integrity education requirement, now limited to recipients of institutional training grants at NIH-funded institutions, would be augmented by an assurance applied to all individuals supported by PHS research funds." Commission Report, "Integrity and Misconduct in Research," p. 18 (HHS 1995).

Institutions and individuals interested in commenting on the proposed policy may obtain it on the ORI website at <http://ori.dhhs.gov> by clicking on "What's New" or by contacting ORI. To be considered, all comments must be received by ORI at the address below or by E-mail to jegan@osophs.dhhs.gov no later than August 21, 2000.
