

designate trustee data as a mandatory field at the time of eligibility. In order to provide the time it may take for underwriters to update their systems to populate the information required by this new mandatory field, DTC plans to implement the change to the UW Source System in the fourth quarter of 2011. In the event of a change in trustee, DTC will require that the new and the prior trustees both update the trustee information using the 17Ad-16 form used today to update transfer agent changes. By making the trustee authorization process more efficient, DTC will increase information flow to industry participants and will reduce the risk associated with the manual processing of trustee data.

DTC believes that the proposed rule change is consistent with the requirements of Section 17A of the Act,³ as amended, and the rules and regulations thereunder applicable to DTC because the proposed rule change is designed to remove impediments to and perfect the mechanism of a national system for the prompt and accurate clearance and settlement of securities transactions by replacing the manual approval process whereby trustees of an issue receive access to DTC's SPR service with an automated approval process.

(B) Self-Regulatory Organization's Statement on Burden on Competition

DTC does not believe that the proposed rule change will have an impact on or impose a burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments relating to the proposed rule change have been solicited or received. DTC will notify the Commission of any written comments received by DTC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to ninety days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve or disapprove the proposed rule change or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Comments may be submitted by any of the following methods:

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Section, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of DTC and on DTC's Web site at http://www.dtcc.com/legal/rule_filings/dtc/2010.php.
