

Register on April 3, 2000, page 17513 and allowed 60-days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment.

5 CFR 1320.5 (General requirements) Reporting and Recordkeeping Requirements: Final Rule requires that the agency inform the potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. This information is required to be stated in the 30-day **Federal Register** Notice.

PROPOSED COLLECTION: *Title:* Alcoholism Prevalence and Gene/Environment Interactions in Native American Tribes (a 10 Tribe Study). *Type of Information Collection Request:* Revision. *Need and Use of Information Collection:* The Ten Tribe Study is being conducted to collect psychiatric and personal data from tribes with different rates of alcoholism. This data will be analyzed to determine, if possible, why tribes with similar lifestyles have different rates of alcoholism and alcohol abuse. Specifically, the information gathered during this study will be used to: (1) Determine prevalence rates of alcoholism in 10 demographically sampled Native American tribes using structured or semi-structured interviews to rigorously diagnose alcoholism; (2) systematically diagnose conditions which are often comorbid with alcoholism including drug abuse, depression, and antisocial personality; (3) address crucial antecedents and consequences of alcoholism and environmental issues in alcohol vulnerability such as post-traumatic stress, violence, acculturation, and child abuse; and (4) investigate genetic vulnerability factors for tribal populations with high, moderate, and low alcoholism prevalence. This study has been ongoing for three years and is to be extended for three additional years. *Frequency of Response:* Once per respondent. *Affected Public:* Individuals. *Type of Respondents:* Adults. The annual reporting burden is as follows: *Estimated Number of Respondents:* 600; *Estimated Number of Responses per Respondent:* 1; *Average Burden Hours Per Response:* 3.75; and *Estimated Total Annual Burden Hours Requested:* 2,250. There are no Costs to Respondents to report. There are no Capital Costs to report. There are no Operating or Maintenance Costs to report.

REQUEST FOR COMMENTS: Written comments and/or suggestions from the

public and affected agencies are invited on one or more of the following points: (1) Evaluate whether the extension of this collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the extension of this collection of information, including the validity of the methodology and assumptions used; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

DIRECT COMMENTS TO OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the Office of Management and Budget, Office of Regulatory Affairs, New Executive Office Building, Room 10235, Washington, DC 20503, Attention: Desk Officer for NIH. To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Ms. Ronni Nelson, Laboratory of Neurogenetics, Division of Intramural Clinical and Biological Research, NIAAA, NIH, 12420 Parklawn Drive, Suite 451, Rockville, Maryland 20852 or E-mail your request, including your address to: rn46h@nih.gov. Ms. Nelson can be contacted by telephone at 301-443-5781.

COMMENTS DUE DATE: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

Dated: August 2, 2000.

Stephen Long,

Executive Officer, NIAAA.
