The procedures shall be done in accordance with the documents listed below. The incorporation by reference of documents 1 through 10 and 13 was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. Copies of the documents may be obtained from the sources listed below. Information regarding obtaining these documents can be obtained from the Safe Drinking Water Hotline at (800) 426-4791. Documents may be inspected at EPA's Drinking Water Docket, EPA West, 1301 Constitution Avenue, NW., Room B135, Washington, DC (Telephone: (202) 566-2426); or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call (202) 741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

[OW-2003-0067; FRL-7805-6]

RIN 2040-AE62

Withdrawal of Direct Final Rule; National Primary Drinking Water Regulations: Analytical Method for Uranium

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: EPA published a direct final rule on June 2, 2004 (69 FR 31008), concerning three additional analytical methods for compliance determinations of uranium in drinking water. EPA stated in the direct final rule that if the Agency received adverse comment by July 2, 2004, EPA would publish a timely notice of withdrawal in the **Federal Register**. We subsequently received a somewhat ambiguous comment letter. EPA will address the comments in that letter in a final action based on the parallel proposal also published on June 2, 2004 (69 FR 31068). As stated in the parallel

proposal, we will not institute a second comment period on this action.

DATES: As of August 25, 2004, EPA withdraws the direct final rule published at 69 FR 31008 on June 2, 2004.

FOR FURTHER INFORMATION CONTACT: General Information—Lisa Christ, Office of Ground Water and Drinking Water, Mail Code: 4606M, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 564-8354; e-mail address: christ.lisa@epa.gov. Technical information—David Huber, Office of Ground Water and Drinking Water, Mail Code: 4606M, Environmental Protection Agency, 1200

Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 564-4878; e-mail address: huber.david@epa.gov.

SUPPLEMENTARY INFORMATION: EPA published the direct final rule and companion proposed rule for approval of the use of three additional analytical methods for compliance determinations of uranium in drinking water in the **Federal Register** on June 2, 2004 (69 FR 31008 and 31068). In the companion proposal, EPA proposed the approval of three methods that use an inductively coupled plasma mass spectrometry (ICP-MS) technology. Specifically, EPA proposed the approval of ICP-MS methods published by EPA, ASTM International, and the Standard Methods Committee (EPA 200.8, ASTM D5673-03, and SM 3125) for compliance determinations of uranium in drinking water. The proposed approval of the three ICP-MS methods did not affect approval of the 15 methods currently specified at 40 CFR 141.25(a) for compliance determinations of uranium.

In the companion proposed rule (69 FR 31068) section of the June 2, 2004, EPA invited comment on the substance of the direct final rule and stated that if adverse comments were received by July 2, 2004, the direct final rule would not become effective and a notice would be published in the **Federal Register** to withdraw the direct final rule before the August 31, 2004, effective date. The EPA subsequently received comment on the proposed rule.

List of Subjects for 40 CFR Part 141

Environmental protection, Chemicals, Incorporation by reference, Indian-lands, Intergovernmental relations, Radiation protection, Reporting and recordkeeping requirements, Water supply.

Dated: August 5, 2004.

Benjamin H. Grumbles,

Acting Assistant Administrator, Office of Water.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 180

[OPP-2004-0168; FRL-7369-1]

Folpet; Pesticide Tolerance

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation amends the tolerance for residues of folpet in or on

hops to delete the footnote stating that there are no registrations for the use of folpet on hops in the United States. The Interregional Research Project Number 4 (IR-4), requested this tolerance under the Federal Food, Drug, and Cosmetic Act (FFDCA), as amended by the Food Quality Protection Act of 1996 (FQPA).

DATES: This regulation is effective August 25 2004. Objections and requests for hearings, identified by docket identification (ID) number OPP-2004-0168, must be received on or before October 25, 2004.

ADDRESSES: Written objections and hearing requests may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit VI. of the **SUPPLEMENTARY INFORMATION**. EPA has established a docket for this action under Docket ID number OPP-2004-0168. All documents in the docket are listed in the EDOCKET index at <http://www.epa.gov/edocket/>. Although listed in the index, some information is not publicly available, i.e., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in EDOCKET or in hard copy at the Public Information and Records Integrity Branch (PIRIB), Crystal Mall #2, Rm. 1801, South Bell St., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

FOR FURTHER INFORMATION CONTACT:

Cynthia Giles-Parker, Registration Division (7505C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 305-7740; e-mail address: giles-parker.cynthia@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. Potentially affected entities may include, but are not limited to:

- Crop production (NAICS 111), e.g., agricultural workers; greenhouse, nursery, and floriculture workers; farmers.

- Animal production (NAICS 112), e.g., cattle ranchers and farmers, dairy cattle farmers, livestock farmers.
- Food manufacturing (NAICS 311), e.g., agricultural workers; farmers; greenhouse, nursery, and floriculture workers; ranchers; pesticide applicators.
- Pesticide manufacturing (NAICS 32532), e.g., agricultural workers; commercial applicators; farmers; greenhouse, nursery, and floriculture workers; residential users.

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Access Electronic Copies of this Document and Other Related Information?

In addition to using EDOCKET (<http://www.epa.gov/edocket/>), you may access this **Federal Register** document electronically through the EPA Internet under the “**Federal Register**” listings at <http://www.epa.gov/fedrgstr/>. A frequently updated electronic version of 40 CFR part 180 is available on E-CFR Beta Site Two at <http://www.gpoaccess.gov/ecfr/>. To access the OPPTS Harmonized Guidelines referenced in this document, go directly to the guidelines at <http://www.epa.gov/opptsfrs/home/guidelin.htm/>.

II. Background and Statutory Findings

In the **Federal Register** of May 7, 2003 (68 FR 24467) (FRL-7305-1), EPA issued a notice pursuant to section 408(d)(3) of FFDCA, 21 U.S.C. 346a(d)(3), announcing the filing of a pesticide petition (PP 1E6310) by IR-4, Center for Minor Crop Pest Management, Rutgers, The State University of New Jersey, 681 U.S. Highway #1 South, North Brunswick, NJ 08902-3390. That notice included a summary of the petition prepared by IR-4, the registrant. There were no comments received in response to the notice of filing.

The petition requested that 40 CFR 180.191 be amended by establishing a tolerance for residues of the fungicide folpet, N-(trichloromethylthio)phthalimide, in or on U.S. grown hop, dried cones at 120 parts per million (ppm). EPA has
