

appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of Section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Philis J. Posey,

Deputy Secretary.

[Docket No. EL07-54-000]

Hot Spring Power Company, LP, Complainant v. Entergy Arkansas, Inc., Entergy Services, Inc., Respondents; Notice of Complaint

April 16, 2007.

Take notice that on April 13, 2007, pursuant to Section 206 of the Federal Power Act, Hot Spring Power Company, LP (complainant) filed a formal complaint against Entergy Arkansas, Inc. and Entergy Services, Inc. (respondents) alleging that the respondents are violating the Commission's Interconnection Policy, engaging in prohibited "and" pricing,

and charging unjust and unreasonable rates because the respondents have misclassified certain interconnection-related facilities in the Hot Spring-EAI Interconnection Agreement and is refusing to provide transmission credits for facilities that should properly be classified as Network Upgrades under the Commission's Interconnection Policy.

The complainant states that copies of the Complaint have been served on the respondents.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on May 3, 2007.

[Docket No. CP07-8-000]

Guardian Pipeline, L.L.C.; Notice of Availability of the Draft Environmental Impact Statement for the Guardian Expansion and Extension Project

April 13, 2007.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared this draft Environmental Impact Statement (EIS) for the construction and operation of the natural gas pipeline facilities (referred to as the G-II Project or Project) as proposed by Guardian Pipeline, L.L.C. (Guardian) in the above-referenced docket.

The draft EIS was prepared to satisfy the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the G-II Project, with appropriate mitigating measures as recommended, would have limited adverse environmental impact. The draft EIS evaluates alternatives to the proposal, including system alternatives and pipeline route alternatives.

The Bureau of Indian Affairs, the U.S. Army Corps of Engineers (COE) are federal cooperating agencies for the development of this EIS. The State of Wisconsin Department of Natural Resources is also a cooperating agency. Cooperating agencies have jurisdiction by law or have special expertise with respect to any environmental impact involved with the proposal and is involved in the NEPA analysis or similar type of environmental analysis.

The purpose of the G-II Project is to provide the facilities necessary to provide about 537,200 decatherms per day of additional natural gas capacity to Guardian's existing pipeline system. The proposed additional capacity would facilitate the transport of natural gas to customers within the state of Wisconsin and provide those customers with the necessary infrastructure to support growth and competition within the natural gas marketplace. Guardian proposes to have the project constructed and operational by November 2008.

The draft EIS addresses the potential environmental effects of the construction and operation of the following natural gas pipeline facilities:

- 83.6 miles of 30-inch-diameter natural gas pipeline in Jefferson, Dodge, Fond du Lac, Calumet, Brown, and Outagamie Counties, Wisconsin;
