DEPARTMENT OF ENERGY

Advance Notice of Intent to Prepare an Environmental Impact Statement To Evaluate Decommissioning and/or Long-Term Stewardship at the West Valley Demonstration Project and Western New York Nuclear Service Center

AGENCY: Department of Energy.

ACTION: Advance notice of intent.

SUMMARY: The U.S. Department of Energy (DOE) is announcing in advance its intent to prepare an Environmental Impact Statement (EIS) for Decommissioning and/or Long-Term Stewardship at the West Valley Demonstration Project (WVDP) and Western New York Nuclear Service Center (the Center). DOE has prepared this advance notice in accordance with the Department's regulations for implementing the National Environmental Policy Act (NEPA) [10 CFR 1021.311(b)], which state that DOE may publish an Advance Notice of Intent to provide an early opportunity to inform interested parties of a pending EIS or to solicit early public comments. DOE anticipates that the New York State Energy Research and Development Authority (NYSDERDA) will participate in the preparation of the Decommissioning and/or Long-Term Stewardship EIS as a joint lead agency, that the U.S. Nuclear Regulatory Commission (NRC) will participate as a cooperating agency, and that the New York State Department of Environmental Conservation (NYSDEC) will participate as an involved agency under the New York State Environmental Quality Review Act (SEQRA).

DOE and NYSDERDA plan to evaluate the range of reasonable alternatives in this EIS to address their respective responsibilities at the Center, including those under the West Valley Demonstration Project Act (Public Law 96-368) and other applicable requirements, including decommissioning criteria that may be prescribed by NRC in accordance with the Act.

DOE invites early public comment on the range of environmental issues and alternatives to be analyzed. DOE and NYSDERDA will consider the comments

received and other relevant information in developing a preliminary scope of the EIS for publication in a subsequent Notice of Intent, which would initiate a public scoping process in accordance with DOE's NEPA implementing regulations and those of SEQRA.

This Advance Notice of Intent is consistent with DOE's March 26, 2001, Notice of Intent (66 FR 16447) to revise the strategy for completing the *Draft Environmental Impact Statement for Completion of the West Valley Demonstration Project and Closure or Long-Term Management of Facilities at the Western New York Nuclear Service Center* (DOE/EIS-0226-D, March 1996, also referred to as the 1996 Cleanup and Closure Draft EIS), which was issued jointly by DOE and NYSDERDA. The March 2001 Notice of Intent announced that DOE intends to prepare a separate EIS on its decontamination of WVDP facilities and related waste management activities.

ADDRESSES: Address early comments on the preliminary scope of the Decommissioning and/or Long-Term Stewardship EIS to the DOE Document Manager: Mr. Daniel W. Sullivan, West Valley Demonstration Project, U.S. Department of Energy, 10282 Rock Springs Road, West Valley, New York 14171, Telephone: (716) 942-4016, facsimile: (716) 942-4703, e-mail: daniel.w.sullivan@wv.doe.gov.
