

survey week from FR 2028B respondents. The FR 2028D provides focused and enhanced information on small business lending including rates, terms, credit availability, and reasons for their changes. The FR 2028D collects quarterly average quantitative data on terms of small business loans and qualitative information on changes and the reasons for changes in the terms of lending. From these sample SSBFL data, estimates of the terms of business loans and farm loans extended are constructed. The aggregate estimates for business loans are published in the Federal Reserve Bank of Kansas City's quarterly release, *Small Business Lending Survey*, and aggregate estimates for farm loans are published in the statistical release, *Agricultural Finance Databook*.

Frequency: Quarterly.

Respondents: The FR 2028B and FR 2028S panels have an authorized size of 250 domestically chartered commercial banks. The panel of banks has been drawn from a random sample of banks stratified according to farm loan volumes since 1989. The authorized panel for the FR 2028D panel is 398 domestically chartered commercial banks. The size is based on obtaining survey results with a 95% confidence level and 5% standard error, allowing for a 10% nonresponse rate. The panel of banks is a random sample of banks stratified according to the dollar volumes of commercial and industrial loans with original amounts of \$1,000,000 or less.

Total estimated number of respondents:

FR 2028B—250.

FR 2028S—250.

FR 2028D—398.

Estimated average hours per response:

FR 2028B—1.4.

FR 2028S—0.1.

FR 2028D—2.8.

Total estimated change in burden: (318).

Total estimated annual burden hours: 5,958.¹

Current actions: On March 1, 2023, the Board published a notice in the **Federal Register** (88 FR 12934) requesting public comment for 60 days on the extension, with revision, of the FR 2028. The Federal Reserve proposed to revise the FR 2028D form and instructions, to be effective for the

September 30, 2023, as of date with the transmission period beginning on October 1, 2023, based on loan activity over the third quarter 2023. The proposed revisions would add clarity in reporting instructions and requirements, improve data quality, and make slight reductions in reporting burden. These changes include removing items related to credit card lending and net drawdowns on lines of credit. A question requesting information on how respondents define small businesses for the purposes of small business lending would be added. Additionally, three questions were modified to add open-ended text fields offering respondents the opportunity to provide additional information on reasons for changes in lending. Minor wording changes are proposed to the form and instructions to add clarity to the survey or address changes to the form. Additionally, minor changes are proposed to the Frequently Asked Questions section to increase clarity of form definitions. The comment period for this notice expired on May 1, 2023. The Board did not receive any comments. The revisions will be implemented as proposed.

Final Approval Under OMB Delegated Authority of the Extension for Three Years, With Revision, of the Following Information Collection

Collection title: Registration of Mortgage Loan Originators.
Collection identifier: CFPB G.
OMB control number: 7100–0328.
Effective Date: July 7, 2023.
General description of collection: In accordance with the Secure and Fair Enforcement for Mortgage Licensing Act, the Consumer Financial Protection Bureau's (CFPB) Regulation G requires residential mortgage loan originators (MLOs) to register with the Nationwide Multistate Licensing System (NMLS),¹ maintain this registration, obtain a unique identifier, and disclose to consumers upon request and through the NMLS their unique identifier and the MLO's employment history and publicly adjudicated disciplinary and enforcement actions. The CFPB's regulation also requires the institutions employing MLOs to adopt and follow written policies and procedures to ensure that their employees comply with these requirements and to conduct annual independent compliance tests.

Frequency: Annually.

Respondents: The Board's CFPB G panel comprises state member banks (SMBs) with \$10 billion or less in total assets that are not affiliates of insured depository institutions with total assets of more than \$10 billion; subsidiaries of such SMBs that are not functionally regulated within the meaning of section 5(c)(5) of the Bank Holding Company Act of 1956; branches and agencies of foreign banks (other than federal branches, federal agencies, and insured

state branches of foreign banks); commercial lending companies owned or controlled by foreign banks (collectively, banking organizations); and the employees of these banking organizations who act as residential MLOs.

Total estimated number of respondents: 17,467.

Total estimated change in burden: (63,951).

Total estimated annual burden hours: 23,366.²

Current actions: On January 27, 2023, the Board published an initial notice in the **Federal Register** (88 FR 5343) requesting public comment for 60 days on the extension, with revision, of the CFPB G. The Board proposed to revise the CFPB G to (1) account for Section 1007.103(e) banking organization disclosure of registration information requirements burden separately from Section 1007.104 banking organization recordkeeping requirements burden, (2) revise the average annual estimated hourly burden per banking organization (for both banking organizations already subject to these requirements and banking organizations newly subject to these requirements) associated with Section 1007.103(e) disclosure of registration information, and (3) reflect the information collection burden associated with Section 1007.105 requirements as disclosure requirements instead of as recordkeeping requirements, as was done previously.

The comment period for this notice expired on March 28, 2023. The Board did not receive any comments. The revisions will be implemented as proposed.
