Discussion

The Coast Guard’s National Recreational Boating Safety Program aims to reduce accidents, injuries and deaths on America’s waterways and to facilitate safe enjoyable boating. It promotes greater uniformity among States and localities in boating safety laws, enforcement, and administration. The Program also requires boating safety reporting by States and boaters involved in accidents. This notice announces the availability of a new draft accident reporting manual and seeks comment on its content.

The manual addresses the following broad topics:

- Regulations, vessel determinations, accident scenarios policy, and definitions of terms.
- Report form and reporting system.
- Expected roles of the Coast Guard and State.

• Investigation and data entry expectations.

Comments can discuss any aspects or other concerns about the Manual. Submissions will be reviewed internally to determine whether amendments need to be made to the Manual.

This notice is issued under the authority of 46 U.S.C. 6102 and 5 U.S.C. 552(a).

Dated: August 17, 2015.

Verne B. Gifford,

Captain, U.S. Coast Guard, Director of Inspections and Compliance.
