

business with the Exchange or affiliated entities.

The proposed changes are also not unfairly discriminatory because the fees would be assessed uniformly across all market participants that purchase these products in the same manner they are today, and all products will remain available for purchase by all market participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

Intramarket Competition

The proposed fees do not put any market participants at a relative disadvantage compared to other market participants. As noted above, the fee schedule would continue to apply to all customers of the market data products identified above in the same manner as it does today, albeit at inflation-adjusted rates for certain fees, and customers may choose whether to subscribe to the feed at all. The Exchange also believes that the level of the proposed fees neither favors nor penalizes any one or more categories of market participants in a manner that would impose an undue burden on competition.

Intermarket Competition

The proposed fees do not impose a burden on competition or on other Self Regulatory Organizations that is not necessary or appropriate. In determining the proposed fees, the Exchange utilized an objective and stable metric with limited volatility. Utilizing Data Processing PPI over a specified period of time is a reasonable means of recouping the Exchange's investment in maintaining and enhancing the market data products identified above. The Exchange believes utilizing Data Processing PPI, a tailored measure of inflation, to increase certain market data fees to recoup the Exchange's investment in maintaining and enhancing its market data products would not impose a burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.²⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act.
