Upon suspending solicitation privileges, the commander shall promptly inform the agent and the company the agent represents, as well as the Office of the PDUSD(P&R), in writing.

(3) In suspending or withdrawing solicitation privileges, the commander shall determine whether to limit it to the agent alone or extend it to the company the agent represents. This decision shall be based on the circumstances of the particular case, including, but not limited to, the nature of the violations, frequency of violations, the extent to which other agents of the company have engaged in such practices, and any other matters

tending to show the individual's and the company's culpability.

(4) If the investigation determines an agent or company does not possess a valid license or has failed to meet other State or Federal regulatory requirements, the installation commander shall notify the appropriate regulatory authorities.

If warranted, the installation commander may recommend to the Military Department concerned that the action taken be extended to other DoD installations. The Military Department may extend the action to other military installations in the Military Department. The PDUSD(P&R), following consultation with the Military Department concerned, may order the action extended to other Military Departments.

(7) All suspensions or withdrawals of privileges shall be for a set period of time, at the end of which the individual or company may reapply for permission to solicit through the installation commander or Military Department originally imposing the restriction. The Office of the PDUSD(P&R) shall be notified when such suspensions or withdrawals are lifted.

(8) The Secretaries of the Military Departments may direct the Armed Forces Disciplinary Control Boards in all geographical areas in which the grounds for withdrawal action have occurred to consider all applicable information and take action the Boards deem appropriate.

(9) Nothing in this subpart limits the authority of the installation commander or other appropriate authority from requesting or instituting other administrative and/or criminal action against any person including those who violate the conditions and restrictions upon which installation entry is authorized.

(6) Use of other non-governmental organizations to provide financial education programs is limited as follows:

(i) Under no circumstances shall commercial agents, including employees or representatives of commercial loan, finance, insurance or investment companies, be used.

(iii) Educators from non-governmental, non-commercial organizations expert in personal financial affairs and their materials may, with appropriate disclaimers, provide the educational programs and information required by this subpart if approved by a Presidentially-appointed, Senate-confirmed civilian official of the Military Department concerned. Presentations by approved organizations shall be conducted only at the express request of the installation commander. The following criteria shall be used when considering whether to permit a non-governmental, non-commercial organization to present an educational

These descriptions must be written in a manner that DoD personnel can easily understand, and fully disclose the fundamental nature of the policy.

2. Insurance products, other than certificates or other evidence of insurance issued by a self-insured association, offered and sold worldwide to personnel on DoD installations, must:

a. Comply with the insurance laws of the State or country in which the installation is located and the requirements of this Instruction.

b. Contain no restrictions by reason of military service or military occupational specialty of the insured, unless such restrictions are clearly indicated on the face of the contract.

c. Plainly indicate any extra premium charges imposed by reason of military service or military occupational specialty.

d. Contain no variation in the amount of death benefit or premium based upon the length of time the contract has been in force, unless all such variations are clearly described therein.

⁸ See footnote 1 to paragraph § 50.8.

⁹ See footnote 1 to paragraph § 50.8.

¹⁰ See footnote 1 to paragraph § 50.8.

3. To comply with paragraphs A.1.a. through A.1.d. of this appendix, an appropriate reference stamped on the first page of the contract shall draw the attention of the policyholder to any restrictions by reason of military service or military occupational specialty, extra premium charges and any variations in the amount of death benefit or premium based upon the length of time the contract has been in force.

4. Variable life insurance products may be offered provided they meet the criteria of the appropriate insurance regulatory agency and the Securities and Exchange Commission.

5. Insurance products shall not be sold disguised as investments. If there is a savings component to an insurance product, the agent shall provide the customer written documentation, which clearly explains how much of the premium goes to the savings component per year broken down over the life of the policy. This document must also show the total amount per year allocated to insurance premiums. The customer must be provided a copy of this document that is signed by the insurance agent.

B. Sale of Securities

In cases of commingled sales, the allotment of pay for the purchase of securities cannot be made to the insurer.

C. Use of the Allotment of Pay System

1. Allotments of military pay for life insurance products shall be made in accordance with DoD Publication 7000.14–R.¹¹

2. For personnel in pay grades E–1, E–2, and E–3, at least 7 calendar days shall elapse for counseling between the signing of a life insurance application and the certification of an allotment. The purchaser's commanding officer may grant a waiver of this requirement for good cause, such as the purchaser's imminent permanent change of station.

D. Associations—General

The recent growth and general acceptability of quasi-military associations offering various insurance plans to military personnel are acknowledged. Some associations are not organized within the supervision of insurance laws of either a State or the Federal Government. While some are organized for profit, others function as nonprofit associations under Internal

Revenue Service regulations. Regardless of the manner in which insurance is offered to members, the management of the association is responsible for complying fully with the policies contained in this part.

B. Application Instructions

1. *Applications Filed Annually.* Insurers must apply by June 30th of each year for solicitation privileges on overseas U.S. military installations for the next fiscal year beginning October 1st. Applications e-mailed, faxed or postmarked after June 30, shall not be considered.

2. *Application prerequisites.* A letter of application, signed by the President, Vice President, or designated official of the insurance company shall be forwarded to the Principal Deputy Under Secretary of Defense (Personnel and Readiness), Attention: Morale, Welfare and Policy Directorate, 4000 Defense, The Pentagon, Washington, DC 20301–4000. The registration criteria in paragraph A.1.a. or b. of this appendix, must be met to satisfy application prerequisites. The letter shall contain the information set forth in the following paragraphs, submitted in the order listed. Where not applicable, state in the letter.

a. The overseas commands (*e.g.*, U.S. European Command, U.S. Pacific Command, U.S. Central Command, U.S. Southern Command) where the company is presently soliciting, or planning to solicit on U.S. military installations.

b. A statement that the company has complied with, or shall comply with, the applicable laws of the country or countries wherein it proposes to solicit. "Laws of the country" means all national, provincial, city, or county laws or ordinances of any country, as applicable.

c. A statement that the products to be offered for sale conform to the standards prescribed in appendix A of this part and

contain only the standard provisions such as those prescribed by the laws of the State where the company's headquarters are located.

d. A statement that the company shall assume full responsibility for the acts of its agents with respect to solicitation. If warranted, the number of agents may be limited by the overseas command concerned.

e. A statement that the company shall only use agents who have been licensed by the appropriate State and registered by the overseas command concerned to sell to DoD personnel on DoD installations.

f. Any explanatory or supplemental comments that shall assist in evaluating the application.

g. If the Department of Defense requires facts or statistics beyond those normally involved in registration, the company shall make separate arrangements to provide them.

h. A statement that the company's general agent and other registered agents are appointed in accordance with the prerequisites established in section C. of this appendix.

3. If a company is a life insurance company subsidiary, it must be registered separately on its own merits.

C. Agent Requirements

The overseas Combatant Commanders shall apply the following principles:

1. An agent must possess a current State license. This requirement may be waived for a registered agent continuously residing and successfully selling life insurance in foreign areas, who, through no fault of his or her own, due to State law (or regulation) governing domicile requirements, or requiring that the agent's company be licensed to do business in that State, forfeits eligibility for a State license. The request for a waiver shall contain the name of the State or jurisdiction that would not renew the agent's license.

2. The general agents and agents may represent only one registered commercial insurance company. This principle may be waived by the overseas commander if multiple representations are in the best interest of DoD personnel.

3. An agent must have at least 1 year of successful life insurance underwriting experience in the United States or its territories, generally within the 5 years preceding the date of application, in order to be approved for overseas solicitation.

4. The overseas commanders may exercise further agent control procedures as deemed necessary.

5. An agent, once registered in an overseas area, may not change affiliation from the staff of one general agent to another and retain registration.

D. Announcement of Registration

1. Registration by the Department of Defense upon annual applications of insurers shall be announced as soon as practicable by notice to each applicant and by a list released annually in September to the appropriate overseas commanders. Approval does not constitute DoD endorsement of the insurer or its products. Any advertising by insurers or verbal representation by its agents, which suggests such endorsement, is prohibited.

¹¹ See footnote 1 to paragraph § 50.8.

2. In the event registration is denied, specific reasons for the denial shall be submitted to the applicant.

a. The insurer shall have 30 days from the receipt of notification of denial of registration (sent certified mail, return receipt requested) in which to request reconsideration of the original decision. This request must be accompanied by substantiating data or information in rebuttal of the specific reasons upon which the denial was based.

b. Action by the PDUSD(P&R) or designee on a request for reconsideration is final.

c. An applicant that is presently registered as an insurer shall have 90 calendar days from final action denying registration in which to close out operations.

3. Upon receiving an annual letter approving registration, each company shall send to the applicable overseas Combatant Commander a verified list of agents currently registered for overseas solicitation. Where applicable, the company shall also include the names and prior military affiliation of new agents for whom original registration and permission to solicit on base is requested. Insurers initially registered shall be furnished instructions by the Department of Defense for agent registration procedures in overseas areas.

4. Material changes affecting the corporate status and financial conditions of the company that may occur during the fiscal year of registration must be reported to MWR Policy at the address in paragraph B.2. of this appendix, as they occur.

a. The Office of the PDUSD(P&R) reserves the right to terminate registration if such material changes appear to substantially affect the financial and operational criteria described in section A of this appendix on which registration was based.

b. Failure to report such material changes may result in termination of registration regardless of how it affects the criteria.

5. If an analysis of information furnished by the company indicates that unfavorable trends are developing that may possibly adversely affect its future operations, the Office of the PDUSD(P&R) may, at its option, bring such matters to the attention of the company and request a statement as to what action, if any, is contemplated to deal with such unfavorable trends.

Background

The U.S. 1 Bridge has a vertical clearance in the closed position of 32 feet at mean high water and 37 feet at mean low water. The existing drawbridge operation regulations are listed at 33 CFR 117.207(a).

The owner of the bridge, the Connecticut Department of Transportation, requested a temporary change to the drawbridge operation regulations to facilitate rehabilitation maintenance at the bridge.

Under this temporary rule only one of the two-bascule leafs at the U.S. 1 Bridge would open for the passage of vessel traffic from June 18, 2005 through December 30, 2005.

The Monday through Friday closures to facilitate vehicular commuter traffic in the existing operation regulations, 7 a.m. to 9 a.m. and 4 p.m. to 5:45 p.m., would continue to be in effect during this temporary rule.

Two-leaf openings would be provided on the following holidays: the Fourth of July, Friday July 1 through Monday July 4; Labor Day, Friday September 2 through Monday September 5; Thanksgiving, Thursday November 24 through Sunday November 27; and Christmas, Saturday December 24 through Monday December 26, 2005.

In addition, full two leaf bridge opening would also be provided at any time, except during the closed periods for vehicular commuter traffic, after at least a three-day advance notice is given
