EPA is seeking public comment on additional peer review candidates in order to strengthen underrepresented areas of expertise, specifically economics, water quality, and ecology disciplines. You may also comment on the initial twenty (20) candidates if you have not yet done so. After considering all public comments on the initial pool of 20 candidates and the additional candidates announced in this FRN, ERG will select up to nine (9) peer reviewers. ERG will ensure the peer reviewers' combined expertise best spans the following disciplines: economics, engineering, agronomics, land use change, remote sensing, air quality, biogeochemistry, water quality, hydrology, conservation biology, limnology, and ecology.
