DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifiers: CMS-R-245]

Emergency Clearance: Public Information Collection Requirements Submitted to the Office of Management and Budget (OMB)

AGENCY: Centers for Medicare &
Medicaid Services, HHS.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (the PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information. Interested persons are invited to send comments regarding our burden estimates or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. We are, however, requesting an emergency review of the information collection reference below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. This is necessary to ensure compliance with an initiative of the

Administration. We are requesting an emergency review under 5 CFR part 1320(a)(2)(i) because public harm is reasonably likely to result if the normal clearance procedures are followed. We are seeking emergency approval for modifications to the ICR currently approved under Office of Management and Budget (OMB) control number 0938-0760, entitled Medicare and Medicaid Programs OASIS Collection Requirements as Part of the CoPs for HHAs and Supporting Regulations. The revisions contained in this request pertain only to the Outcome Assessment and Information Set, C-1/ICD-9 Version (OASIS-C1/ICD-9 Version); therefore all other requirements in the currently approved PRA package are not being revised. The approval of this data collection instrument is essential because OASIS data is used in the calculation of provider payment as well as for measurement of the quality of care provided by Home Health Agencies (HHAs).

DATES: Comments must be received by September 12, 2014.

ADDRESSES: When commenting, please reference the document identifier or OMB control number (OCN). To be assured consideration, comments and recommendations must be submitted in any one of the following ways:

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-R-245 Medicare and Medicaid Programs OASIS Collection Requirements as Part of the CoPs for HHAs and Supporting Regulations

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. This is necessary to ensure compliance with an initiative of the Administration. We are requesting an emergency review under 5 CFR Part 1320(a)(2)(i) because public harm is reasonably likely to result if the normal clearance procedures are followed.

Information Collection

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Medicare and Medicaid Programs OASIS Collection Requirements as Part of the CoPs for HHAs and Supporting Regulations; *Use:* The Outcome and Assessment Information Set (OASIS) data set is currently mandated for use by Home Health Agencies (HHAs) as a condition of participation (CoP) in the Medicare program. Since 1999, the Medicare CoPs have mandated that HHAs use the OASIS data set when evaluating adult non-maternity patients receiving skilled services. The OASIS is a core standard assessment data set that agencies integrate into their own patient-specific, comprehensive assessment to identify each patient's need for home care that meets the patient's medical, nursing, rehabilitative, social, and discharge planning needs.

The Office of Management and Budget (OMB) approved the OASIS-C1 information collection request on February 6, 2014. We originally planned

to use OASIS–C1 to coincide with the original implementation of ICD–10 on October 1, 2014. However, on April 1, 2014, the Protecting Access to Medicare Act of 2014 (PAMA) (Pub. L. 113–93) was enacted. This legislation prohibits CMS from adopting ICD–10 coding prior to October 1, 2015. Because OASIS–C1 is based on ICD–10 coding, it is not possible to implement OASIS–C1 prior to October 1, 2015, when ICD–10 is implemented. The passage of the PAMA Act left us with the dilemma of how to collect OASIS data in the interim, until ICD–10 is implemented.

The OASIS–C1/ICD–9 version is an interim version of the OASIS–C1 data item set that was created in response to the legislatively mandated ICD–10 delay. There are five items in OASIS–C1 that require ICD–10 codes. In the OASIS–C1/ICD–9 version, these items have been replaced with the corresponding items from OASIS–C that use ICD–9 coding. The OASIS–C1/ICD–9 version also incorporates updated clinical concepts, modified item wording and response categories and improved item clarity. In addition, the OASIS–C1/ICD–9 version includes a significant decrease in provider burden that was accomplished by the deletion of a number of non-essential data items from the OASIS–C data item set.

Form Number: CMS–R–245 (OMB control number: 0938–0760); *Frequency:* Occasionally; *Affected Public:* Private Sector (Business or other for-profit and Not-for-profit institutions); *Number of Respondents:* 12,014; *Total Annual Responses:* 17,268,890; *Total Annual*

Hours: 15,305,484. (For policy questions regarding this collection contact Caroline Gallaher at 410–786–8705.)

We are requesting OMB review and approval of this collection by September 17, 2014, with a 180-day approval period. Written comments and recommendations will be considered from the public if received by the date and address noted below.

Title: Runaway and Homeless Youth Management Information System (RHYMIS) Version 3.0.

OMB No.: 0970–0123.

Description: The Runaway and Homeless Youth Act, as amended by Public Law 106–71 (42 U.S.C. 5701 et seq.), mandates that the Department of Health and Human Services (HHS) report regularly to Congress on the status of HHS-funded programs serving runaway and homeless youth. Such reporting is similarly mandated by the Government Performance and Results Act. Organizations funded under the Runaway and Homeless Youth program are required by statute (42 U.S.C. 5712, 42 U.S.C. 5714–2) to meet certain data collection and reporting requirements. These requirements include maintenance of client statistical records on the number and the characteristics of the runaway and homeless youth, and youth at risk of family separation, who participate in the project, and the services provided to such youth by the project.

Respondents: States localities, private entities and coordinated networks of such entities. Typical respondents are non-profit community based organizations who are reporting on the youth that they serve through their Basic Center, Transitional Living and Street Outreach programs.
