Agency Information Collection Activities; Abandoned Mine Reclamation Fund—Fee Collection and Coal Production Reporting and Form OSM–1, Coal Reclamation Fee Report

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the Office of Surface Mining Reclamation and Enforcement (OSMRE), are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before October 26, 2020.

ADDRESSES: Send your comments on this information collection request (ICR) by mail to Mark Gehlhar, Office of Surface Mining Reclamation and Enforcement, 1849 C Street NW, Room 4556–MIB, Washington, DC 20240; or by email to mgehlhar@osmre.gov. Please reference OMB Control Number 1029–0063 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Mark Gehlhar by email at mgehlhar@osmre.gov, or by telephone at 202–208–2716.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the OSMRE; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the OSMRE enhance the quality, utility, and clarity of the information to be collected; and (5) how might the OSMRE minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The information is used to maintain a record of coal produced for sale, transfer, or use nationwide each calendar quarter, the method of coal removal and the type of coal, and the basis for coal tonnage reporting in compliance with 30 CFR 870 and section 401 of Public Law 95–87. Individual reclamation fee payment liability is based on this information. Without the collection of this information, OSMRE could not implement its regulatory responsibilities and collect the fee.

Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000.

Background: As requested by the Committees, the Commission will conduct an investigation and prepare a report that provides, to the extent practical, the following information:

- A brief overview of key U.S. industry sectors producing COVID-related goods, including, but not limited to, medical devices; personal protective equipment; and medicines (pharmaceuticals). These overviews should include, to the extent practicable, information on U.S. production, employment, and trade.

- More detailed case studies on key products within each relevant industry sector, such as N95 respirators, ventilators, vaccines, and COVID-19 test kits. The Committees stated that they are particularly interested in case studies on products for which there were reported shortages in the first half of 2020, including those affected by supply chain fragility, blockages, or barriers. The Committees stated that the case studies should draw upon all available information including the relevant literature, and to the extent practicable, should include information on:

- The U.S. industry, market, and trade, including, to the extent available:
 - An overview of the product, including key components and the production process;
 - Information on the size and characteristics of the U.S. market;
