

authorization of a trade and accepts financial responsibility for all Exchange transactions made by the execution TPH. Accordingly, the Exchange believes that, consistent with CBOE Rule 6.21 (relating to give-ups), the CTPH should be responsible for order handling and processing requirements for trades that it guarantees.¹⁶ In connection with the Exchange's proposal to amend Interpretation and Policy .06 to Rule 6.53C, the Exchange also clarified that the stock component of a stock-option order represented in open outcry shall be routed from PAR to the Exchange-designated broker-dealer for automated processing in accordance with the order's terms.¹⁷

Conforming and Clarifying Changes. Finally, the Exchange also proposes conforming changes to Exchange Rules 6.45A (Priority and Allocation of Equity Option Trades on the CBOE Hybrid System) and 6.45B (Priority and Allocation of Trades in Index Options and Options on ETFs on the CBOE Hybrid System) to reference the revised functionality set forth in this proposal.¹⁸ The Exchange also proposes to specify that stock-option orders may be executed against other electronic stock-option orders in general, rather than state that such orders may be executed against other stock-option orders specifically through either the COB or COA.¹⁹

III. Discussion and Commission Findings

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.²⁰ In particular, the Commission finds that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act,²¹ which requires, among other things, that the Exchange's rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing

information with respect to, and facilitation transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and are not designed to permit unfair discrimination between customers, issuers, brokers or dealers. The Commission believes that the proposed change to extend electronic stock component routing functionality to PAR users will create another method for processing stock-option orders entered into on the Exchange that is designed to facilitate transactions in stock-option orders on the Exchange. The Commission also believes that it is reasonable for the CTPH that guarantees a stock-option order transaction to enter into a brokerage agreement with the Exchange-designated broker-dealer that will execute the stock component of the stock-option order on a stock trading venue.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²² that the proposed rule change (SR-CBOE-2015-029) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²³

Robert W. Errett,
Deputy Secretary.
