

which the Agency collected the information. The records and information in these records may be disclosed:

(1) To government contractors conducting OMB-approved annual user satisfaction surveys collecting user feedback for aggregating reports to OMB and enabling NASA to improve its systems, processes, and services to the user community;

(2) To the European Space Agency (ESA) through public posting on a NASA Web site of ESA scientific data users' professional information such as their name, address, and organizational affiliation to achieve ESA member nation awareness of the breadth of their scientific data use (this applies to ESA scientific data hosted by NASA); and

(3) In accordance with NASA standard routine uses set forth in Appendix B.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Records at all the entities named in section titled System Location are stored in electronic form.

RETRIEVABILITY:

User account records are typically indexed and retrieved by user's name.

SAFEGUARDS:

The records are in commercial data base management systems that are password-protected for access by only key authorized employees with appropriately configured system roles. Approved security plans for each of the 15 entities listed in the section titled System Location have been established in accordance with OMB Circular A-130, Management of Federal Information Resources. The aggregation of these plans constitutes the security plan for EOSDIS. Individuals will have access to the system only in accordance with approved authentication methods. With the exception of the records of ESA scientific data users' information posted in accordance with Routine Use (3) above, all specific user information kept in our systems is managed according to NASA guidelines for managing sensitive information. Paper and electronic copies are kept offline in locked cabinets. This information is updated on a yearly basis, and superseded records deleted.

RETENTION AND DISPOSAL:

The EOSDIS Project has a plan under configuration control according to which the original data are deleted in accordance with NASA Records

Retention Schedule 2, Item 15A.3. Only aggregated statistics on those original records are kept. The DAACs reauthorize specific users' information on an approved basis and user information is deleted when no longer needed in accordance with NASA Records Retention Schedule 2, Item 19A. Mailing lists containing user information are maintained in order to permit distribution of newsletters to users and are disposed of according to the NASA Records Retention Schedule 1, Item 88.

SYSTEM MANAGERS AND ADDRESSES:

System Manager: 423/Science Operations Office Manager, ESDIS Project, Location 4 as set forth in Appendix A.

Subsystem Managers: DAAC Managers at each of the locations 1-12 whose addresses are listed under item System Location above; and 423/ECHO Manager, 423/EMS Manager, and 423/LANCE Manager, all at Location 4 as set forth in Appendix A.

NOTIFICATION PROCEDURE:

Individuals inquiring about their records should contact the System Manager at the address given above and provide their name and email address. The System Manager can be reached by phone at (301) 614-5048.

RECORD ACCESS PROCEDURE:

Individuals who wish to gain access to their records should submit their request in writing to the System Manager at the address provided or by phone at (301) 614-5048.

CONTESTING RECORD PROCEDURES:

The NASA regulations governing access to records and procedures for contesting the contents, and for appealing initial determinations are set forth in 14 CFR part 1212.

RECORD SOURCE CATEGORIES:

The information is received electronically or via telephone directly from users needing to obtain or access NASA's Earth science data products.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

None.

Deborah Diaz,

Deputy Chief Information Officer.

NATIONAL SCIENCE FOUNDATION (NSF)

National Science Board

Sunshine Act Meeting Notice

This meeting, previously noticed on November 16, 2012, has been Cancelled.

The National Science Board's *ad hoc* Committee on Honorary Awards, pursuant to NSF regulations (45 CFR part 614), the National Science Foundation Act, as amended (42 U.S.C. 1862n-5), and the Government in the Sunshine Act (5 U.S.C. 552b), hereby gives notice in regard to the scheduling of a meeting for the transaction of National Science Board business, as follows:

DATE AND TIME: Tuesday, November 20, 2012, at 1:30 p.m. EST.

SUBJECT MATTER: Discussion of candidates for the 2013 Vannevar Bush Award and 2013 National Science Board Public Service Award.

STATUS: Closed.

This meeting will be held by teleconference originating at the National Science Board Office, National Science Foundation, 4201 Wilson Blvd., Arlington, VA 22230.

Please refer to the National Science Board Web site (www.nsf.gov/nsb) for information or schedule updates, or contact: Ann Ferrante, National Science Foundation, 4201 Wilson Blvd., Arlington, VA 22230. Telephone: (703) 292-7000.

Ann Bushmiller,

NSB Senior Legal Counsel.

NATIONAL TRANSPORTATION SAFETY BOARD

Public Conference on Geographic Information Systems (GIS) in Transportation Safety

The National Transportation Safety Board will hold a public conference on the use of the Geographic Information Systems (GIS) in transportation safety on December 4-5, 2012. GIS is a rapidly expanding group of technologies and analytical techniques that uses geographically referenced data to support complex data integration, advanced statistical analysis, precise investigation, and effective visualization of data. The meeting will bring researchers and practitioners in transportation safety and GIS together to discuss how GIS data, technologies, and techniques are applied to improve
