To meet the requirements of the Central Valley Project Improvement Act of 1992 (CVPIA) and the Reclamation Reform Act of 1982, the Bureau of Reclamation (Reclamation) developed and published the Criteria for Evaluating Water Management Plans (Criteria). **Note:** For the purpose of this announcement, Water Management Plans (Plans) are considered the same as Water Conservation Plans. The above entitie(s) have developed a Plan, which Reclamation has evaluated and preliminarily determined to meet the requirements of these Criteria. SUPPLEMENTARY INFORMATION: We are inviting the public to comment on our preliminary (i.e., draft) determination of Plan adequacy. Section 3405(e) of the CVPIA (Title 34 Public Law 102-575), requires the "Secretary of the Interior to establish and administer an office on Central Valley Project water conservation best management practices that shall * * * develop criteria for evaluating the adequacy of all water conservation plans developed by project contractors, including those plans required by section 210 of the Reclamation Reform Act of 1982." Also, according to Section 3405(e)(1), these criteria must be developed " * * * with the purpose of promoting the highest level of water use efficiency reasonably achievable by project contractors using best available cost-effective technology and best management practices." These criteria state that all parties (Contractors) that contract with Reclamation for water supplies (municipal and industrial contracts over 2,000 acre-feet and agricultural contracts over 2,000 irrigable acres) must prepare Plans that contain the following information:

1. Description of the District
2. Inventory of Water Resources
3. Best Management Practices (BMPs) for Agricultural Contractors
4. BMPs for Urban Contractors
5. Plan Implementation
6. Exemption Process
7. Regional Criteria
8. Five-Year Revisions

Reclamation will evaluate Plans based on these criteria. Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your
