SUPPLEMENTARY INFORMATION: OTS may not conduct or sponsor an information collection, and respondents are not required to respond to an information collection, unless the information collection displays a currently valid OMB control number. As part of the approval process, we invite comments on the following information collection.

Title of Proposal: Minimum Security Devices and Procedures.

OMB Number: 1550-0062.

Form Number: N/A.

Description: The requirement that savings associations establish a written

security program is necessitated by the Bank Protection Act (12 U.S.C. 1881-1884), which requires the Federal supervisory agencies to promulgate rules establishing minimum standards with which each financial institution must comply with respect to the installation, maintenance, and operation of security devices and procedures to discourage robberies, burglaries, and larcenies, and to assist in the identification and apprehension of persons who commit such acts. Pursuant to the statutory mandate, OTS adopted its regulations in 1969 (12 CFR part 568). These regulations were revised in 1991 and in 2001. In accordance with part 568, a savings association must adopt a written security program, the association's board of directors must approve the program, and each association's security officer must report annually to the board on the effectiveness of the program. Section 568.5 requires that savings associations and their subsidiaries comply with the Interagency Guidelines Establishing Information Security Standards, set forth in Appendix B to part 570. The other Federal supervisory agencies, Office of the Comptroller of the Currency, Board of the Governors of the Federal Reserve System, and Federal Deposit Insurance Corporation, adopted virtually identical regulations in 1969, and likewise revised them in 1991 and 2001.

Type of Review: Extension of a currently approved collection.

Affected Public: Business or other for-profit.

Estimated Number of Respondents: 741.

Estimated Frequency of Response: Annually.

Estimated Total Burden: 1,482 hours.

Dated: May 18, 2011.
