

FEDERAL EMERGENCY MANAGEMENT AGENCY

Agency Information Collection Activities: Proposed Collection; Comment Request

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed revised information collections. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments concerning the proposed revision of the collection of Claims for National Flood Insurance Program.

SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP) is authorized by Public Law (P.L.) 90-448 (1968) and expanded by P.L. 93-234 (1973) provides low-cost federally subsidized flood insurance for existing buildings exposed to flood risks. In return communities must enact and administer construction safeguards to ensure that new construction in the flood plain will be built to eliminate or minimize future flood damage. In accordance with P.L. 93-234, the purchase of flood insurance is mandatory when Federal or federally-related financial assistance is being provided for acquisition or construction of buildings located or to be located within FEMA-identified special flood hazard areas of communities which are participating in the program. In addition a proposed rule was published September 23, 1996 to amend the National Flood Insurance regulations by adding coverage under the Standard Flood Insurance Policy for increased cost, up to \$15,000 to bring structures into compliance with State or community floodplain management laws or ordinances after flood losses. A final rule, National Flood Insurance Program; Standard Flood Insurance Policy published February 25, 1997, amended the National Flood Insurance Program (NFIP) regulations to add coverage under the standard Flood Insurance Policy to pay for the increase cost to rebuild or alter flood-damaged structures to conform, with State or local flood plain ordinances or laws consistent with the requirements of guidance of the NFIP. The Final rule required the agency to collect additional data which was approved by OMB under OMB control number 3067-0276,

Increased Cost of Compliance which will now be merged with this collection of information.

**Agency Information Collection
Activities: Submission for OMB
Review; Comment Request**

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency is submitting a request for review and approval of a new collection of information under the emergency processing procedures in the Office of Management and Budget (OMB) regulation 5 CFR 1320.13. FEMA is requesting the collection of information be approved by January 24, 2000 for use through July 31, 2000.

SUPPLEMENTARY INFORMATION: The Robert T. Stafford Disaster Relief and Emergency Act Public Law 93-288, as amended authorizes training programs for emergency preparedness. The information obtained from the Emergency Management Institute (EMI) form will be used for independent study course enrollment and to provide course materials to applicants. Applicants can select as many courses as they want, but they will be actively enrolled in only one course at a time. When applicants complete each course with a passing score, new course material from the course menu selection will be sent to applicants.

FEMA plans to follow this emergency request with a request for a 3-year approval. The request will be processed under OMB's normal clearance procedures in accordance with the provisions of OMB regulation 5 CFR 1320.10. To help us with the timely

processing of the emergency and normal clearance submissions to OMB, FEMA invites the general public to comment on the proposed collection of information. This notice and request for comments is in accordance with the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)).
