SUPPLEMENTARY INFORMATION:

Proposed Project

"Career Advancement Survey of Federal Employees"

As part of its purpose, MSPB is responsible for conducting studies of the Federal civil service to ensure that all Federal government agencies follow merit systems practices and avoid prohibited personnel practices. To support this research agenda, MSPB periodically conducts surveys of samples of Federal employees. To obtain insight into the current perspectives, MSPB requests approval to conduct additional surveys over the next three years.

The content of these surveys will focus on the career progression strategies utilized by Federal employees. In particular, we will examine if advancement techniques vary between groups of employees and evaluate the outcomes associated with each approach. We also plan to identify perceptions held by employees regarding discrimination and strategies that may have been used to overcome this potential barrier. In addition to the primary survey which is designed to cover all employees, we may also design a limited number of more narrowly focused surveys, which address issues unique to subpopulations of Federal employees (e.g., people with disabilities).

Burden Statement: The annual public reporting and record keeping burden for this collection of information is estimated to average 0.5 hours per respondent.

Respondents/Affected Entities: Participants are selected via stratified random sampling to facilitate a representative sample of Federal employees.

Estimated Number of Respondents: 46,000.

Frequency of Response: Once.

Estimated Total Annual Hour Burden: 23,000.

Dated: September 11, 2006.

Bentley M. Roberts, Jr.,

Clerk of the Board.
