Agency Docket No. FEMA-B-2256]

**Proposed Flood Hazard  
Determinations**

**AGENCY:** Federal Emergency  
Management Agency, Department of  
Homeland Security.

**ACTION:** Notice.

**SUMMARY:** Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** Comments are to be submitted on or before October 31, 2022.

**ADDRESSES:** The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-2256, to Rick Sacibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) [patrick.sacibit@fema.dhs.gov](mailto:patrick.sacibit@fema.dhs.gov).

**FOR FURTHER INFORMATION CONTACT:** Rick Sacibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) [patrick.sacibit@fema.dhs.gov](mailto:patrick.sacibit@fema.dhs.gov); or visit the FEMA Mapping and Insurance eXchange (FMIX) online at [https://www.floodmaps.fema.gov/fhm/fmx\\_main.html](https://www.floodmaps.fema.gov/fhm/fmx_main.html).

**SUPPLEMENTARY INFORMATION:** FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their

floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at [https://www.floodsrp.org/pdfs/srp\\_overview.pdf](https://www.floodsrp.org/pdfs/srp_overview.pdf).

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://hazards.fema.gov/femaportal/prelimdownload> and the respective Community Map Repository address

listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each

community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

**AGENCY:** Federal Emergency  
Management Agency, Department of  
Homeland Security.

**ACTION:** 60-Day notice of revision and  
request for comments.

**SUMMARY:** The Federal Emergency  
Management Agency (FEMA), as part of  
its continuing effort to reduce  
paperwork and respondent burden,  
invites the general public to take this  
opportunity to comment on a currently  
approved collection with revisions. In  
accordance with the Paperwork  
Reduction Act of 1995, this notice seeks  
comments concerning the applications  
for the Assistance to Firefighters Grant  
(AFG) program, the Fire Prevention and  
Safety (FP&S) Grants program, the  
Staffing for Adequate Fire and  
Emergency Response (SAFER) Grants  
program, and the Assistance to  
Firefighters Grant Program—COVID-19

Supplemental (AFG-S). These programs  
focus on enhancing the safety of the  
public and firefighters with respect to  
fire and fire-related hazards. The  
changes proposed will acknowledge the  
FEMA Grants Outcomes (FEMA GO)  
system as the new collection instrument  
for the AFG, AFG-S, SAFER, and FP&S  
programs. The individual forms will be  
combined into a question bank to allow  
the FEMA GO system to fully utilize its  
technology to simplify the process by  
reducing unnecessary questions.

**DATES:** Comments must be submitted on  
or before October 3, 2022.

**ADDRESSES:** Submit comments at  
[www.regulations.gov](http://www.regulations.gov) under Docket ID  
FEMA-2022-0022. Follow the  
instructions for submitting comments.

All submissions received must  
include the agency name and Docket ID,  
and will be posted, without change, to  
the Federal eRulemaking Portal at  
<http://www.regulations.gov>, and will  
include any personal information you  
provide. Therefore, submitting this  
information makes it public. You may  
wish to read the Privacy and Security  
Notice that is available via a link on the  
homepage of [www.regulations.gov](http://www.regulations.gov).

**SUPPLEMENTARY INFORMATION:** The  
authority for these grant programs is  
derived from the Coronavirus Aid,  
Relief, and Economic Security (CARES)

Sections 33 and 34 of the Federal Fire  
Prevention and Control Act of 1974,  
Public Law 93-498, as amended (15  
U.S.C. 2229, 2229a). The information  
collected is grant application  
information that is necessary to assess  
the needs of the applicants as well as  
the benefits to be obtained from the use  
of funds. The information collected  
through the program's application is the  
minimum necessary to evaluate grant  
applications and is necessary for FEMA  
to comply with mandates delineated in  
the law.

FEMA is consolidating several forms  
associated with these programs into the  
FEMA GO electronic system, FF-207-  
FY-21-116. Transitioning and  
consolidating these forms into the  
electronic system will allow FEMA to  
retire the following forms: FEMA Form

Questions and Narrative); FEMA Form  
080-0-2a, Activity Specific Questions  
for AFG Vehicle Applicants; FEMA
