Abstract of Information Available

Human remains representing, at least, 30 individuals have been identified; a total of 474 skeletal elements were documented. No associated funerary objects are present. The human remains were salvaged from the submerged spring basin and adjacent wetland deposits at the Little Salt Spring Site in Sarasota County, Florida (sites 8SO18 and 8SO79, respectively); the site is listed on the National Register of Historic Places. Limited underwater archaeological test excavations occurred sporadically at the site from 1975 and continued into the early 2000s. Based on radiocarbon testing, human remains date to the archaeologically documented Archaic Period culture of the southeastern United States, and specifically that of the middle Archaic in Florida. The human remains are currently housed at the Department of Anthropology at the University of Miami. There is no known presence of any potentially hazardous substances.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains.

Determinations

The University of Miami has determined that:

- The human remains described in this notice represent the physical remains of 30 individuals of Native American ancestry.
- There is a connection between the human remains described in this notice and the Miccosukee Tribe of Indians; Seminole Tribe of Florida; and The Seminole Nation of Oklahoma.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the authorized representative identified in this notice under

ADDRESSES. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains described in this notice to a requestor

may occur on or after April 16, 2025. If competing requests for repatriation are received, the University of Miami must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. The University of Miami is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice.

Notice of Intended Repatriation: Michigan State University, East Lansing, MI

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), Michigan State University intends to repatriate certain cultural items that meet the definition of unassociated funerary objects and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural items in this notice may occur on or after April 16, 2025.

ADDRESSES: Judith Stoddart, Michigan State University, 287 Delta Court, East Lansing, MI 48824, telephone (517) 432-2524, email stoddart@msu.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of Michigan State University, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of 40 cultural items have been requested for repatriation. The 40 unassociated funerary objects are one lot of Indigenous ceramic rim and neck sherds, one lot of animal bone, seven flakes, one turtle shell bowl, one pipe stem, four pieces of bottle glass, four metal artifacts and scraps, 18 square nails, one lot of historic ceramics, and two pieces of a plastic hair comb.

The objects were collected from a burial on Mackinac Island, Michigan in 1969 after it was unearthed during basement construction. They were subsequently brought to Michigan State University and accessioned into the Museum collections (Accession 3438).

Determinations

Michigan State University has determined that:

- The 40 unassociated funerary objects described in this notice are reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- There is a reasonable connection between the cultural items described in this notice and the Sault Ste. Marie Tribe of Chippewa Indians, Michigan.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after April 16, 2025. If competing requests for repatriation are received, Michigan State University must determine the most appropriate requestor prior to repatriation. Requests

for joint repatriation of the cultural items are considered a single request and not competing requests. Michigan State University is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: January 28, 2025.
