

the importer and exporter certifications as part of the entry summary by uploading them into the document imaging system (DIS) in ACE, and to provide U.S. Customs and Border Protection (CBP) and/or the U.S. Department of Commerce (Commerce) with the importer certification, and any supporting documentation, and a copy of the exporter's certification, and any supporting documentation provided to the importer by the exporter, upon request of either agency.

(L) I understand that failure to maintain the required certification and supporting documentation, or failure to substantiate the claims made herein, or not allowing CBP and/or Commerce to verify the claims made herein, may result in a *de facto* determination that all entries to which this certification applies are within the scope of the antidumping duty order on MSG from China. I understand that such finding will result in:

- (i) suspension of liquidation of all unliquidated entries (and entries for which liquidation has not become final) for which these requirements were not met;
- (ii) the importer being required to post the cash deposits determined by Commerce; and
- (iii) the importer no longer being allowed to participate in the certification process.

(M) I understand that agents of the importer, such as brokers, are not permitted to make this certification.

This certification was completed by the time of filing the entry summary or within 45 days of the date on which Commerce published notice of its preliminary circumvention findings in the **Federal Register**.

Changes Since the Preliminary Results

Based on our analysis of the comments received, and for the reasons explained in the Issues and Decision Memorandum, we made certain changes from the *Preliminary Results*.

Final Results of Administrative Review

For these final results, we determine that the following estimated weighted-average dumping margins exist for the period May 1, 2022, through April 30, 2023:

Producer/exporter	Weighted-average dumping margin (percent)
Borusan Mannesmann Boru Sanayi ve Ticaret A.S./ Borusan Istikbal Ticaret T.A.S. ¹¹	2.75

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to parties in this review within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined in these final

¹¹ In prior segments of this proceeding, we treated Borusan Mannesmann Boru Sanayi ve Ticaret A.S. and Borusan Istikbal Ticaret T.A.S. as a single entity. See, e.g., *Welded Carbon Steel Standard Pipe and Tube Products from Turkey: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2013–2014*, 80 FR 76674 (December 10, 2015). There is no information on this record to merit reconsideration of our treatment of Borusan Mannesmann Boru Sanayi ve Ticaret A.S. and Borusan Istikbal Ticaret T.A.S. as a single entity.

results of this review, and U.S. Customs and Border Protection (CBP) shall assess antidumping duties on all appropriate entries of subject merchandise in during the POR. Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific ad valorem duty assessment rates based on the ratio of the total amount of dumping calculated for examined sales to each importer to the total entered value of those sales. Where an importer-specific assessment rate is zero or de minimis within the meaning of 19 CFR 351.106(c)(1), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Pursuant to a refinement to Commerce’s assessment practice, for subject merchandise that was entered into the United States, or withdrawn from warehouse, for consumption during the POR, that was produced or exported by Borusan for which Borusan did not report the sale in its U.S. sales database, we will instruct CBP to liquidate the entry of such merchandise at the all-others rate (*i.e.*, 14.74 percent)¹² if there is no rate for the intermediate company(ies) involved in the transaction.¹³

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register**, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for companies subject to this review will be equal to the weighted-average dumping margin listed in the “Final Results of Review” section above; (2) for merchandise that was exported by a company that is not under review and the company has a company-specific cash deposit rate from a completed segment of this proceeding, the cash deposit rate will continue to be the company-specific cash deposit rate from a completed segment of the

proceeding that is currently applicable to the company; (3) if the exporter of the subject merchandise was not covered by this review or a previously completed segment of this proceeding, but the producer of the subject merchandise was covered, then the cash deposit rate will be equal to the company-specific cash deposit rate from a completed segment of this proceeding that is currently applicable to the producer of the subject merchandise; and (4) if neither the exporter nor the producer of the subject merchandise was covered by this review or a previously completed segment of this proceeding, then the cash deposit rate will be 14.74 percent ad valorem, the all-others rate established in the less than fair value investigation.¹⁴ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction or return of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the destruction or return of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results of review and this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 351.221(b)(5).

Dated: March 10, 2025.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
