ADDRESSES: Materials referred to in this document are available for inspection or copying at the office of the Eighth Coast Guard District, Bridge Administration Branch, Hale Boggs Federal Building, room 1313, 501 Magazine Street, New Orleans, Louisiana 70130–3396 between 7 a.m. and 3 p.m., Monday through Friday, except Federal holidays. The telephone number is 504–589–2965. The Bridge Administration Branch, Eighth District, maintains the public docket for this temporary deviation.

## FOR FURTHER INFORMATION CONTACT: David Frank Bridge Administration

David Frank, Bridge Administration Branch, telephone (504) 589–2965.

SUPPLEMENTARY INFORMATION: The Louisiana Department of Transportation and Development has requested a temporary deviation in order to repair the fender system of the bridge. The repairs are necessary for the continued safe operation of the bridge. This deviation allows the draw of the SR 384 bridge to remain closed to navigation from 7 a.m. until 11 a.m. and from 1 p.m. until 5 p.m. daily, Monday through Thursday, from February 17, 2003 through March 27, 2003.

The pontoon bridge has no vertical clearance in the closed-to-navigation position. The bridge normally opens to pass navigation an average of 1005 times a month. In accordance with 33 CFR 117.5, the bridge opens on signal for the passage of vessels. The bridge will be able to open for emergencies during the closure period; however, pile-driving equipment will have to be secured and moved prior to the opening of the bridge. Navigation on the waterway consists mainly of tugs with tows and some fishing vessels. No practical alternate route is readily available.

In accordance with 33 CFR 117.35(c), this work will be performed with all due speed in order to return the bridge to normal operation as soon as possible. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: February 5, 2003.

#### Marcus Redford,

Bridge Administrator.

### 40 CFR Part 52

[LA-63-2-7585; FRL-7451-8]

Approval of Revisions to the Louisiana Department of Environmental Quality Title 33 Environmental Quality Part III; Chapter 6 Emission Reduction Credits Banking in Nonattainment Areas

**AGENCY:** Environmental Protection

Agency (EPA).

**ACTION:** Final rule; correction.

SUMMARY: The Environmental Protection Agency (EPA) published in the Federal Register of September 27, 2002 (67 FR 60871) a document approving revisions to the Louisiana Department of Environmental Quality Title 33 Environmental Quality Part III; Air Chapter 6 Emission Reduction Credits Banking in Nonattainment Areas. This document corrects an error in the September 30, 2002, rulemaking action. EFFECTIVE DATE: This rule will be effective February 14, 2003.

FOR FURTHER INFORMATION CONTACT: Ms. Laura Stankosky of the EPA Region 6 Air Permits Section at (214) 665–7525. SUPPLEMENTARY INFORMATION: The EPA published in the Federal Register of September 27, 2002 (67 FR 60871) a document approving revisions to the Louisiana Department of Environmental Quality Title 33 Environmental Quality Part III; Air Chapter 6 Emission Reduction Credits Banking in Nonattainment Areas. On page 60873 of the September 27, 2002 action, EPA incorrectly stated that Tulane Environmental Law Clinic (TELC) submitted comments. We should instead have stated that the TELC submitted comments on behalf of its client, the Louisiana Environmental Action Network (LEAN).

Authority: 42 U.S.C. 7401 et seq.

Dated: January 30, 2003.

#### Lawrence E. Starfield,

Acting Regional Administrator, Region 6. [FR Doc. 03–3583 Filed 2–13–03; 8:45 am] BILLING CODE 6560–50–P

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 180

[OPP-2003-0034; FRL-7291-3]

Imazamox; Exemption from the Requirement of a Tolerance

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** This regulation establishes an exemption from the requirement of a tolerance for residues of the imazamox on all food commodities when applied/ used as a herbicide. The Interregional Research Project Number 4 (IR-4) submitted a petition to EPA under the Federal Food, Drug, and Cosmetic Act, as amended by the Food Quality Protection Act of 1996, requesting an exemption from the requirement of a tolerance. After review of the available data, EPA determined that the toxicological profile for imazamox supports an exemption from the requirement of a tolerance; no adverse effects were observed in the submitted toxicological studies regardless of the route of exposure. Since this regulation eliminates the need to establish maximum permissible levels for residues of imazamox, the Agency is also deleting 40 CFR 180.508, which includes previously established maximum permissible levels for residues of imazamox.

**DATES:** This regulation is effective February 14, 2003. Objections and requests for hearings, identified by docket ID number OPP–2003–0034, must be received on or before April 15, 2003.

ADDRESSES: Written objections and hearing requests submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit IX. of the SUPPLEMENTARY INFORMATION.
